FINANCIAL STATEMENTS BULLETIN 2006

Alma Media Group's full-year net sales totalled MEUR 301.9 (MEUR 285.9), representing growth of 5.6 %. The operating profit rose to MEUR 49.1 (MEUR 42.3), up 16 %. The Newspapers and Marketplaces businesses were very successful. Media sales for the Kauppalehti group's Kauppalehti business daily were weak. Market conditions are expected to remain similar to 2006. In 2007 net sales are expected to continue growing and operating profit excluding one-time items to reach at least the same level as in 2006.

- The Group's operating profit includes two one-time items entered in the fourth quarter: a capital gain, totalling MEUR 4.2, on the sale of properties in Kemi and Tampere, and cost provisions totalling MEUR 1.5 to cover the restructuring of the Kainuun Sanomat printing works and structural reorganization within Kauppalehti. One-time income in 2005 totalled MEUR 3.2 and one-time costs MEUR 2.9.

The Group's full-year profit before taxes amounted to MEUR 49.9 (MEUR 49.5). The same figure in the comparison year, 2005, includes two one-time items reported below the operating profit: a capital gain of MEUR 3.3 recognized by Alma Media on the associated company Talentum Oyj's sale of Satama Interactive Oyj, which increased Alma Media's share of this associated company's result, and a net total of MEUR 4.3 in financial income related to the Group's restructuring in 2005

- Newspaper media sales picked up towards the end of the year. Aamulehti registered record media sales in euro terms in December. Iltalehti reached a circulation market share of 43.1 % between October and December. The full-year operating profit of the Newspapers unit was MEUR 38.4 (MEUR 38.9). The operating profit was depressed by the city paper Tori. A one-time provision of MEUR 0.4 was entered in the Newspapers segments' accounts on the restructuring of the Kainuun Sanomat printing works.
- The full-year operating profit of the Kauppalehti group decreased to MEUR 4.8 (MEUR 7.1) owing to weak media sales in the Kauppalehti newspaper. Personnel negotiations have been started in Kauppalehti Oy concerning the restructuring of operations and restoring the cost structure to a level corresponding to income. The Kauppalehti group recorded a one-time cost provision of MEUR 1.1 on the Kauppalehti restructuring. The previous year's operating profit included a MEUR 0.8 capital gain resulting from the dilution of the company's shareholding in Talentum Oyj following an acquisition by Talentum paid for partly in shares.
- The full-year operating profit recorded by Marketplaces more than doubled to MEUR 2.8 (MEUR 1.1). Net sales from continuing operations in Finland rose 23 % and from operations outside Finland 121 %.

Prospects in 2007

Market conditions are expected to remain similar to 2006. Hence net sales are expected to show further growth and the operating profit excluding one-time items to reach at least the same level as in 2006.

Dividend proposal

Alma Media Corporation's Board of Directors will propose to the Annual General Meeting on 8 March 2007 that a dividend of EUR 0.65 per share be paid on the financial year 2006. The dividend payment date is 20 March 2007.

President and CEO Kai Telanne: NEWSPAPERS END THE YEAR STRONGLY

The Finnish newspaper sector enjoyed a strong end to the year with media sales growing by 5.2 % during the final quarter. The entire media market recorded growth of 4.4 % for the year. Media sales by Alma Media's Newspapers segment once again grew faster than the market average at 6.1 %. The number of visitors to our internet pages showed vigorous growth. Iltalehti's circulation figures and circulation market share increased clearly. The market share reached a record high in December, 44.7 %, representing an increase of 4.6 percentage points on the previous year.

The Kauppalehti group failed to reach its profit targets owing to weaker performance by the publishing company Kauppalehti Oy itself and especially to weak media sales in the Kauppalehti paper. On the other hand, Kauppalehti's subsidiaries all showed good business development. At the end of the year we started negotiations concerning all Kauppalehti Oy employees in order to streamline its multimedia operations and to restore its finances to a healthy level.

The Marketplaces segment continued to grow strongly. Domestic operations grew by 27 % between October and December, and foreign operations by 190 %. Domestic operations were driven by the Etuovi.com online home-buying service and printed papers, while abroad the star performers were City24 and the Bovision companies acquired in Sweden. Profitability in Finland improved.

Last year the company paid shareholders dividends and a capital repayment totalling MEUR 48.5. Free cash flow in 2006 brought MEUR 45.2 into the company. Alma Media wishes to continue paying a good annual dividend and the Board of Directors proposes a dividend of 0.65 euros per share, totalling MEUR 48.5.

Alma Media Lehdentekijät, part of the Kauppalehti group, acquired Finnish Business Communications Ltd on 1 July 2006. The company has annual net sales of about MEUR 2.5.

Bovision AB and Objektvision AB were acquired for the Marketplaces segment on $1 \, \text{July 2006}$. The aggregate net sales of the two companies is approximately MEUR 1.7.

Consolidated net sales and result October-December 2006

Consolidated net sales between October and December totalled MEUR 82.9 (MEUR 75.6) and the operating profit was MEUR 16.0 (MEUR 14.8).

The Group's circulation income rose 6.5 % to MEUR 32.9 (MEUR 30.9), driven primarily by an increase in the weekday price of the Iltalehti daily tabloid to 1.20~(1.0) euros. The fourth quarter was a good one for media sales, which reached MEUR 40.8 (MEUR 37.8), representing growth of 8.0 %.

The Newspapers segment recorded an operating profit between October and December of MEUR 10.8 (MEUR 11.9). The operating profit was depressed by the city paper Tori and the costs of Aamulehti's 125th anniversary. A MEUR 0.4 provision was entered in the Newspapers segment's accounts to cover one-time restructuring costs at the Kainuun Sanomat printing works.

The Kauppalehti group's October-December operating profit declined to MEUR 0.8 (MEUR 3.9) owing to weak media sales by the Kauppalehti paper. Personnel negotiations have been started in the publishing company Kauppalehti Oy aimed at reorganization. A MEUR 1.1 provision was recorded in the Kauppalehti group accounts to cover the one-time costs arising from this reorganization. The operating profit in 2005 included a MEUR 0.8 capital gain arising from the dilution of Alma Media's holding in Talentum Oyj.

Net sales from Marketplaces' operations in Finland, its domestic market, grew by 27 % and from operations outside Finland by 190 %. Growth in foreign operations was driven by the presence of the Bovision companies in Sweden and growth recorded by the City24 companies in Estonia and Lithuania. In Finland, the largest increases in business volume were evident in the Etuovi.com online homebuying service, 52 %, and the Monster.fi online recruitment service, 30 %.

The October-December operating profit includes a MEUR 4.2 capital gain on the sale of properties in the cities of Kemi and Tampere.

Consolidated net sales and result 2006

The Group's net sales for the full year 2006 amounted to MEUR 301.9 (MEUR 285.9) and the operating profit was MEUR 49.1 (MEUR 42.3).

The Group's circulation sales rose 4.2 % to MEUR 125.5 (MEUR 120.4) and media sales grew 5.4 % to MEUR 146.3 (MEUR 138.8). The volume of printing contracts declined once again. Other sales increased 22.5 % to MEUR 27.6 (MEUR 22.6).

The full-year operating profit was increased by the capital gain of MEUR 4.2 on the sale of the Kemi and Tampere properties. The operating profit was reduced by restructuring costs, MEUR 1.5 in all, arising from restructuring of the Kainuun Sanomat printing works and within Kauppalehti Oy.

In the comparison year the operating profit was increased by one-time income comprising a MEUR 0.8 capital gain on the dilution of the Talentum Oyj holding, a capital gain of MEUR 1.2 on the sale of the NWS unit, and compensation totalling MEUR 1.2 awarded to Alma Media and paid by Edita Oyj in arbitration proceedings related to Acta Print Oy.

Restructuring costs in the Group reduced the comparison year's operating profit by MEUR 2.9.

In the comparison year, Alma Media's result from associated companies was boosted by a capital gain of MEUR 3.3 recorded by Talentum Oyj on the sale of Satama Interactive Oyj, and its financial income was increased by MEUR 5.9 in receivables from the Broadcasting divestment.

A signing fee of MEUR 1.6 increased financial expenses in the comparison year.

Prospects in 2007

Market conditions are expected to remain similar to 2006. Hence net sales are expected to show further growth and the operating profit excluding one-time items to reach at least the same level as in 2006.

Market conditions

Overall, conditions in the Finnish economy continued to be good. The consumer confidence index was clearly higher in December than on average. Media advertising rose 3.7 % according to TNS Gallup. Compared to the previous year, newspaper advertising grew 2.5 %, whereas advertising in business papers declined by 2 %. Online media advertising rose 25.7 %.

Of the major advertising businesses, advertising expenditure was increased by the classified advertising sectors recruiting (+ 17.6 %), vehicles (+ 8.4 %) and homes (+ 9.3 %). Within the homes and living segment, furniture advertising was given priority, showing growth of 41.3 %. The major businesses that reduced advertising expenditure were travel (- 1.8 %) and teleservices. Advertising of teleservices fell 23.3 % for the whole year but increased by 6.8 % in newspapers between October and December.

Within the circulation areas of Alma Media's newspapers, media sales were boosted by the opening of new shopping complexes: Ideapark in Pirkanmaa, and a shopping mall in Haaparanta where the major advertiser is Ikea.

The daily tabloid circulation market declined in 2006 by almost 3 %, principally in the Helsinki metropolitan area.

The publishing activities of 35 newspapers are reported in the Newspapers segment. The largest are the regional paper Aamulehti and the daily tabloid Iltalehti.

The segment's net sales were MEUR 217.9 (MEUR 211.6) and the operating profit was MEUR 38.4 (MEUR 38.9).

Media sales in the Newspapers segment were more buoyant than in the Finnish newspaper sector on average, up 4.1 % compared to the industry average of 2.5 %. Aamulehti reached an all-time high in media sales in December, this growth being largely attributable to the opening of the Ideapark shopping centre on 1 December 2006 and to its spin-off effects. Iltalehti's media sales were boosted by the success of the online website Iltalehti.fi. The Northern Papers increased their media sales at the end of the year, helped in part by the opening of a new shopping mall and Ikea in the town of Haaparanta.

The segment's operating profit was depressed by the town paper Tori, Aamulehti's Sunday supplements, and the costs of Aamulehti's 125th anniversary celebrations. Aamulehti discontinued its book publishing unit during the autumn.

Personnel negotiations concerning the entire workforce of the Kainuun Sanomat printing works (about 40 employees) were started on 7 December 2006. A MEUR 0.4 one-time cost provision was entered in December.

Iltalehti increased the price of its weekday issue on 6 November 2006 from 1.0 to 1.20 euros. Iltalehti's market share in December was record-high. The paper's good circulation development was supported by the Iltalehti Ilona supplement launched in March. The market share for the full year was 41.4 %, (40.0 %).

Kokkolan Sanomat was added to the Local Newspapers chain on 1 September 2006.

Jouko Jokinen began as publisher of Satakunnan Kansa on 1 June 2006.

Hence the balance sheet total for the new Alma Media on 7 November 2005 is MEUR 247.

The balance sheet on 31 December 2006 totalled MEUR 199.7 (31 December 2005: MEUR 243.6). The major operational risks are disturbances in information technology systems and telecommunication, and an interruption of printing operations. The company's financial risks are detailed in the notes to the financial statements.

Alma Media's risk management process identifies the risks, develops appropriate risk management methods and regularly reports on risk issues to the risk management function.

The lowest quotation in the year was EUR 6.90, the highest was EUR 9.95 and the closing price was EUR 9.25. The highest quotation was reached on 21 December 2006 after the company announced that it was engaged in merger talks with Keskisuomalainen Oyj. Option rights

The annual general meeting on 8 March 2006 approved a three-stage option programme (option rights 2006A, 2006B and 2006C), disapplying the pre-emptive subscription right of the shareholders, under which stock options would be granted to the managements of Alma Media Corporation and its subsidiaries as a scheme for ensuring personnel's motivation and long-term commitment to the company. Altogether 1,920,000 stock options may be granted in three lots of 640,000 each, and these may be exercised to subscribe for at most 1,920,000 Alma Media shares.

So far 515,000 of the 2006A options have been issued to Group management. A further 65,000 options have been issued to the Group's subsidiaries for granting to new personnel by the Board of Directors. If all the subscription rights were exercised, this programme would dilute the holdings of the earlier shareholders by 2.5 %.

The share subscription periods and prices under the scheme are: 2006A: 1 April 2008-30 April 2010, average trade-weighted price 1 April-31 May 2006
2006B: 1 April 2009-30 April 2011, average trade-weighted price 1 April-31 May 2007

2006C: 1 April 2010-30 April 2012, average trade-weighted price 1 April-31 May 2008

The subscription price of shares that may be subscribed under these stock option rights will be reduced by the amount of dividends and capital repayments decided after the start of the period determining the subscription price and before the subscription of shares, on the settlement date for each dividend payment or capital repayment. MAIN ACCOUNTING PRINCIPLES (IFRS)

This interim report has been prepared applying the recognition and measurement principles of IAS 34 (Interim Financial Reporting).

Owing to the Group's restructuring in 2005, the per share data for the comparative period have been adjusted to correspond with the current share structure to ensure comparability.

In the comparative figures, the restructuring in 2005 is evident in the treatment of the merger of the previous Alma Media Corporation and Almanova Corporation as a reverse acquisition, as required by the Finnish Financial Supervision Authority in January 2006. The reverse acquisition took place in the second quarter of 2005.

The consolidated financial statements have been prepared in the name of the legal parent company (Almanova Corporation until 7 November 2005) but continuity in the consolidated accounts applies to the financial statements of the old Alma Media. In other words the book values of the old Alma Media have been carried through to the new company.

The figures in this interim report are unaudited.

Use of estimates

This bulletin contains certain statements that are estimates based on management's best knowledge at the time they were made. For this reason they contain risks and uncertainty. The estimates could change in the event of significant changes in business conditions.

Alma Media publishes its interim report for the first three months of the year at 9.00 am (EET) on 3 May 2007.
