Outlook for 2012:

Due to the uncertainty prevailing in the macroeconomic conditions of the Group's main markets, it is exceptionally complicated to estimate the development of circulation and advertising revenues. Digital services are expected to further increase their share of the media market. Alma Media expects that the change in value-added tax, effective since the beginning of 2012, may decrease the circulations of the Group's newspapers.

Alma Media repeats its estimate given in the financial statements release of February 15, 2012, according to which the company expects its full-year revenue for 2012 to increase from the 2011 level, primarily due to the acquisitions made. Operating profit excluding non-recurring items is expected to be lower than in 2011. Full-year revenue for 2011 was MEUR 316.2, operating profit excluding non-recurring items MEUR 42.9 and operating profit MEUR 42.0.

Kai Telanne, President and CEO:

In January–March, Alma Media's revenue increased to MEUR 81.1, supported by the acquisitions made. The share of digital products and services in the revenue increased to 24.0% (18.3%). This development followed the Group's strategy and was supported by Alma Media's acquisitions in the Czech Republic and the Baltic countries at the turn of the year. The revenue and profitability of the acquired businesses, LMC and CV Online, developed favourably as expected, and their integration is proceeding according to plan. Recruitment services have become the largest business area in the Digital Consumer Services segment. According to TNS Metrix, the online services of Alma Media Group have nearly 4.7 million unique visitors (browsers) weekly, representing 73% of all Finns aged between 15 and 65 years.

Advertising revenue grew to MEUR 41.1. Online advertising sales grew by 47.9% to MEUR 15.9. Circulation revenue developed positively, considering the business conditions, and at MEUR 30.5 (30.7) was close to that of the comparison period.

Alma Regional Media unit, combining the regional and local newspaper businesses and reported under Alma Media's Newspapers segment, as well as Alma Diverso, a development and service unit reported under Digital Consumer Services, started operations in the beginning of 2012. Alma Diverso focuses on the development of managing traffic to Alma Media's online services, as well as new products and service concepts with regard to online advertising and e-commerce.

The structural change apparent in the media industry accelerated during the first quarter of the year. The total volume of advertising grew by only 1.4% in January–March, according to TNS Media Intelligence. Advertising in printed newspapers and city papers continued to decline and decreased by 1.3% in January–March. Advertising in online media increased by 13.7% from the comparison period. As expected, the circulations of printed newspapers continued to decline during the first quarter.

Alma Media has initiated wide-ranging change projects to develop its operations. The objectives include, for instance, improving the quality of Alma Media's products and services and strengthening the Group's ability to develop multi-channel media products to meet consumers' and advertisers' changing needs on a commercially sustainable basis. Through closer internal cooperation, enabled by reorganisation, we aim to utilise the wide range of special journalistic expertise within the Group across all business units. Due to these change projects, a total of four cooperation processes have been started in the Group. The processes concern the printing operations in Rovaniemi, Finland, the marketplace business, directory business and regional and local paper business. As a result of statutory personnel negotiations completed by the publishing date of this interim report, the staff of Alma Media will decrease by 32 work years. Negotiations still going on may entail a staff reduction of 146 full-time work years maximum.

Alma Media invests in the renewal of print media, aiming to further improve cost efficiency and ensure the quality of products. On April 26, 2012, Alma Media signed a delivery agreement for a printing press with manroland web systems GmbH. The agreement with this company, continuing the business of manroland AG, which filed for insolvency in November 2011, will secure the implementation of the printing facility investment according to the original plan.

Organisational rearrangement and measures to increase operational efficiencies in the businesses of home sales, vehicle sales and trade between consumers were started in March. At the same time, statutory personnel negotiations concerning the number of staff in these operations were initiated. As a result of the negotiations, the number of employees will be reduced by 28 work years.

By March 31, 2012, the financer has paid a total of MEUR 10.7 as advance payments. The agreements cover a total of MEUR 40.6. The total amount of the investment is approximately MEUR 50.0.

Alma Manu Oy, Alma Media's printing and distribution company, initiated statutory personnel negotiations in relation to its planned operational rationalisation and reorganisation in March. As a result of the negotiations, completed in April, the number of employees at the Rovaniemi printing facility was reduced by four full-time work years.

The operating profit of the segment decreased due to the changes implemented in the structures of delivery and corporate operations from the comparison period. Alma Media's human resources, Finance and ICT functions were centralised to parent company at the beginning of the first quarter of 2012.

Balance sheet and financial position

At the end of March 2012, the consolidated balance sheet stood at MEUR 234.6 (170.0). Alma Media's equity ratio at the end of March was 33.9% (48.6%) and the equity per share declined to EUR 0.89 (0.90).

The Group's interest-bearing net debt at the end of March was MEUR 42.2 (-7.9). The increase in net debt was due to the rent agreement of the new printing facility, treated as finance leasing, becoming effective, as well as the debt taken for acquisitions and dividend payment, a total of MEUR 24. The fair value of the financial assets recognised at fair value through profit or loss, due to arrangements and acquisitions, was MEUR 0.0 (7.3) on March 31, 2012, and the fair value of debt MEUR 6.0 (2.9).

The consolidated cash flow from operations in January–March 2012 was MEUR 12.0 (27.5). Cash flow before financing was MEUR -22.6 (28.7). Owing to the change in Finnish value-added tax imposed on newspapers, part of the subscription fees for 2012 exceptionally accumulated in 2011, which significantly decreased the cash flow from operations during the review period. Investment cash flow was primarily affected by the financing for acquisitions that took place during the review period.

The Group currently has a MEUR 100.0 commercial paper programme in Finland under which it is permitted to issue papers to a total amount of MEUR 0–100. The unused part of the programme was MEUR 81 on March 31, 2012. In addition, the Group has a credit facility in the amount of MEUR 30.0 until October 9, 2013, of which on March 31, 2012, MEUR 18.0 were unused, as well as a credit facility in the amount of MEUR 35 until December 19, 2012, of which on March 31, 2012, MEUR 20.0 were unused. The equity ratio of the Group was 33.9% in March 31, 2012. Regarding the terms and conditions of its financing agreements, the company has permission for deviation.

Capital expenditure

Alma Media Group's capital expenditure in January—March 2012 totalled MEUR 69.5 (1.4), consisting mainly of business acquisitions and the rental agreement for the new printing facility becoming effective. Other capital expenditure was related with online service development projects and normal operational and replacement investments.

Administration

Alma Media Corporation's Annual General Meeting (AGM) held on March 14, 2012 elected Timo Aukia, Petri Niemisvirta, Seppo Paatelainen, Kai Seikku, Erkki Solja, Catharina Stackelberg-Hammarén and Harri Suutari members of the company's Board of Directors. In its constitutive meeting held after the AGM, the Board of Directors elected Seppo Paatelainen its Chairman.

Petri Niemisvirta and Erkki Solja, as well as Seppo Paatelainen as Chairman, were elected members of the Nomination and Compensation Committee.

The Board of Directors of Alma Media Corporation has evaluated that with the exception of Timo Aukia, Petri Niemisvirta and Seppo Paatelainen, the elected members of the Board of Directors are independent of the company and its significant shareholders. The three members named above are evaluated to be independent of the company but dependent on its significant shareholders.

Mikko Korttila, General Counsel of Alma Media Corporation, was appointed secretary to the Board of Directors.

The AGM appointed Ernst & Young Oy as the company's auditors.

Alma Media Corporation applies the Finnish Corporate Governance Code for listed companies, issued by the Securities Market Association on June 15, 2010, in its unaltered form. The Corporate Governance Statement as well as the Salary and remuneration report for 2011 has been published separately on the company's website www.almamedia.fi/corporate_governance.

Dividends

The Annual General Meeting resolved to distribute a dividend of EUR 0.40 per share, a total of MEUR 30.2 (52.5), for the financial year 2011 in accordance with the proposal of the Board of Directors. The dividend

was paid on March 26, 2012 to shareholders who were registered in Alma Media Corporation's shareholder register maintained by Euroclear Finland Oy on the record date, March 19, 2012.

The Alma Media share

In January–March, altogether 2,360,120 Alma Media shares were traded at NASDAQ OMX Helsinki Stock Exchange, representing 3.1% of the total number of shares. The closing price of the Alma Media share at the end of the last trading day of the reporting period, March 30, 2012, was EUR 5.34. The lowest quotation during the reporting period was EUR 5.15 and the highest EUR 6.80. Alma Media Corporation's market capitalisation at the end of the review period was MEUR 403.1.

The Annual General Meeting of Alma Media Corporation on March 14, 2012 authorised the Board of Directors to repurchase a maximum of 1,000,000 of the company's shares, corresponding to approximately 1.4 per cent of the company's total number of shares. The shares will be repurchased at the market price in public trade on NASDAQ OMX Helsinki using the company's non-restricted equity, which will decrease the disposable funds of the company for the distribution of profit. The price paid for the shares shall be based on the price of the company's shares in public trade with the minimum price of the shares to be purchased being the lowest quoted market price in public trade during the validity of the authorisation and the maximum price the highest quoted market price during the validity of the authorisation. The shares can be repurchased for the purpose of developing the capital structure of the company, or financing or implementing of corporate acquisitions or other arrangements, or implementing of the incentive programmes for the management or key personnel of the company, or to be otherwise disposed of or cancelled. The authorisation is valid until the following ordinary Annual General Meeting, however no longer than until June 30, 2013.

The Annual General Meeting of Alma Media Corporation on March 14, 2012 authorised the Board of Directors to decide on a share issue by transferring shares in possession of the company. The authorisation entitles the Board to issue a maximum of 1,000,000 shares, corresponding to approximately 1.4 per cent of the total number of shares of the company. The authorisation entitles the Board to decide on a directed share issue, which would entail deviating from the pre-emption rights of shareholders. The Board may use the authorisation in one or more parts. The authorisation may be used to implement incentive programmes for the management or key personnel of the company. The authorisation is valid until the following ordinary Annual General Meeting, however no longer than until June 30, 2013. This authorisation does not override the authorisation for share issue resolved in the Annual General Meeting held on March 17, 2011.

The Annual General Meeting of Alma Media Corporation on March 17, 2011 authorised the Board of Directors to decide on a share issue. The authorisation entitles the Board to issue a maximum of 7,500,000 shares. This maximum amount of shares corresponds to approximately 10% of the total number of shares of the company. The share issue can be implemented by issuing new shares or transferring shares in possession of the company. The authorisation entitles the Board to decide on a directed share issue, which would entail deviating from the pre-emption rights of shareholders. The Board may use the authorisation in one or more parts. The Board may use the authorisation for developing the capital structure of the company, widening the ownership base, financing or realising acquisitions or other similar arrangements, or for other purposes decided upon by the Board. The authorisation may not, however, be used for incentive programmes for the management or key personnel of the company. The authorisation is in effect until March 17, 2013.

Option rights

Alma Media has the option programmes 2006 and 2009 in effect. The programmes are incentive and commitment systems for Group management. If all the subscription rights are exercised, the programmes 2006 and 2009 will dilute the holdings of the earlier shareholders by a maximum of 3.33%. Further details about the programmes are given in the notes of this Interim Report.

The Board of Directors of Alma Media Corporation has resolved on a new share-based incentive plan for the Group key employees. The new Performance Share Plan consists of three performance periods, the calendar years 2012, 2013 and 2014. The Board of Directors will decide on the plan's performance criteria and their targets at the beginning of each performance period. The potential reward from the plan for the performance period 2012 will be based on the Alma Media Group's profitability, and it will be paid partly in the company's shares and partly in cash in 2013. For the members of the Group Executive Team, the plan additionally includes one three-year performance period, the calendar years 2012–2014, based on the profitable growth of the Group. The potential reward from the performance period 2012–2014 will be paid partly in the company's shares and partly in cash one year and two years from the end of the performance period. The Performance Share Plan includes approximately 25 persons.

Other authorisations of the Board of Directors

The Board of Directors has no other current authorisations to raise convertible loans.

Market liquidity guarantee

There is no market liquidity guarantee in effect for the Alma Media share.

Flagging notices

In January–March 2012, Alma Media did not receive notices of changes in shareholdings pursuant to Chapter 2, Section 9 of the Securities Markets Act.

Risks and risk management

The purpose of Alma Media Group's risk management activities is to continuously evaluate and manage all opportunities, threats and risks in conjunction with the company's operations to enable the company to reach its set objectives and to secure business continuity.

The risk management process identifies the risks, develops appropriate risk management methods and regularly reports on risk issues to the risk management organisation. Risk management is part of Alma Media's internal audit function and thereby part of good corporate governance. Limits and processing methods are set for quantitative and qualitative risk methods by the corporate risk management system in writing.

The most critical strategic risks for Alma Media are a significant drop in its newspaper subscriptions, a decline in advertising sales and a significant increase in distribution and delivery costs. Fluctuating economic cycles are reflected on the development of advertising sales, which accounts for approximately half of the Group's revenue. Developing businesses outside Finland such as in the Baltic countries and other East European countries include country-specific risks relating to market development and economic growth.

In the long term, the media business will undergo changes along with the transformation in media consumption and technological developments. The Group's strategic objective is to meet this challenge through renewal and the development of new business operations in online media. The most important operational risks are disturbances in information technology systems and telecommunication, and an interruption of printing operations.

Outlook for 2012

Due to the uncertainty prevailing in the macroeconomic conditions of the Group's main markets, it is exceptionally complicated to estimate the development of circulation and advertising revenues. Digital services are expected to further increase their share of the media market. Alma Media expects that the change in value-added tax, effective since the beginning of 2012, may decrease the circulations of the Group's newspapers.

Alma Media expects its full-year revenue for 2012 to increase from the 2011 level, primarily due to the acquisitions made. Operating profit excluding non-recurring items is expected to be lower than in 2011. Full-year revenue for 2011 was MEUR 316.2, operating profit excluding non-recurring items MEUR 42.9 and operating profit MEUR 42.0.

Events after the review period

Alma Media has renewed its management system and revised the composition of the Group Executive Team and the areas of responsibility for its members. The Group Executive Team is composed of:

Kai Telanne, President and CEO (Chairman of the Group Executive Team)
Pekka Heinänen, Vice President, Human Resources (Group Human Resources)
Tuomas Itkonen, CFO (Group Finance)
Kari Juutilainen, Senior Vice President (Alma Regional Media)
Kari Kivelä, Publisher (Iltalehti)
Mikko Korttila, General Counsel (Legal Affairs, M&A, Corporate Development)

Juha-Petri Loimovuori, Senior Vice President (Kauppalehti Group)

Raimo Mäkilä, Senior Vice President (Marketplaces) Minna Nissinen, Senior Vice President (Alma Diverso).

Rauno Heinonen, Vice President, Corporate Communications and IR, will continue as the secretary of the Group Executive Team. Jouko Jokinen, Executive Editor-in-Chief of Aamulehti, resigned from the Group Executive Team as of April 1, 2012.

Alma Manu Oy, the printing and distribution company of Alma Media Group, has completed the statutory personnel negotiations that began in March 2012. The negotiations concerned the company's plans to rationalise and reorganise the operations of its printing facility in Rovaniemi. As a result of the negotiations, the number of employees at the Rovaniemi printing facility will decrease by four full-time work years.

Alma Media will make considerable changes to the operational model of all its regional newspaper operations in 2012. The aim of the reorganisation is to improve the quality of the newspapers' content and to guarantee their ability to work together to develop multi-channel media products to meet consumers' and advertisers' changing needs on a commercially sustainable basis. Due to the planned changes, Alma Regional Media initiated statutory personnel negotiations with its entire personnel. Alma Regional Media's initial estimate is that the number of personnel in the unit may be reduced by no more than 135 full-time work years as a result of the change in the operational model.

Alma Mediapartners Oy, part of Alma Media's Digital Consumer Services segment, completed its statutory cooperation negotiations with its personnel on April 26, 2012. As a result of the negotiations, the number of employees in the Group will be reduced by 28 work-years.

On April 26, 2012, Alma Media signed a delivery agreement for a printing press with manroland web systems GmbH. The agreement with this company, continuing the business of manroland AG, which filed for insolvency in November 2011, will secure the implementation of the printing facility investment according to the original plan.

MAIN ACCOUNTING PRINCIPLES (IFRS)

This interim report has been prepared according to IFRS standards (IAS 34). The interim report applies the same accounting principles and calculation methods as the annual accounts dated December 31, 2011. The interim report does not, however, contain all the information or notes to the accounts included in the annual financial statements. This report should therefore be read in conjunction with the company's financial statements for 2011. The accounting principles of the financial years 2011 and 2010 are comparable. The company has no discontinued operations to report in the 2011–2012 financial periods.

The key indicators are calculated using the same formulae as applied in the previous annual financial statements. The quarterly percentages of Return on Investment (ROI) and Return on Equity (ROE) have been annualised using the formula ((1+quarterly return)4)-1). The figures in this financial statement release are independently rounded.

The Group has applied the following standards and interpretations as of January 1, 2012:

Change in IFRS7: Financial Instruments: Disclosures

Change in IAS 12: Income Taxes

The impact of the new standards presented above on the Group has been marginal.

SEASONALITY

The Group recognises its circulation revenues as paid. Therefore, circulation revenues accrue in the income statement fairly evenly during the four quarters of the year. The bulk of circulation invoicing takes place at the beginning of the year and therefore the cash flow from operating activities is strongest in the first and second quarters. This also affects the company's balance sheet position in different quarters.

GENERAL STATEMENT

This report contains certain statements that are estimates based on the management's best knowledge at the time they were made. For this reason they contain a certain amount of risk and uncertainty. The estimates may change in the event of significant changes in the general economic conditions.

NEXT INTERIM REPORT

Alma Media will publish its interim report for January-June, 2012 on Friday, July 20, 2012, approximately at 9 a.m (EEST).
