Outlook for 2015:

Low interest rates, a weaker euro and lower oil price improve the chances for growth in the long run. However, in 2015, economic growth is still expected to remain weak in Europe and, in particular, in Finland. The weak overall economic growth has an impact on advertising volume, which is not expected to increase in Finland in 2015.

In the first half of 2015, Alma Media expects its revenue and operating profit excluding non-recurring items to decrease from the 2014 level. The revenue for the first half of 2014 was MEUR 148.4, and operating profit excluding non-recurring items MEUR 8.8.

Kai Telanne, President and CEO:

The first quarter of 2015 was another subdued period for the media industry. The weak economic situation and the poor development of the Finnish advertising market had a negative impact on the business operations of media companies. According to TNS Media Intelligence, advertising volume decreased in Finland in the first quarter by 2.8% year-on-year.

Alma Media's first quarter revenue remained almost at the previous year's level. The recruitment service business continued to see strong growth in Eastern Central Europe. In the first quarter of 2015, recruitment business outside Finland grew by more than 18%.

Alma Media's revenue from domestic business operations declined due to the general economic situation in Finland. The difficult market situation weighed down the result of businesses such as IL-Media and domestic digital services. However, the Financial Media and Business Services segment's performance showed positive development. Digital content revenue increased in that segment by 14.5% and partly covered the decline in content revenue for print media. Kauppalehti saw its visitor numbers increase after a content renewal implemented in January 2015. The segment's print and online advertising sales also grew, with sales performance being particularly positive in March.

At the beginning of 2015, Alma Media acquired the entire share capital of JM Tieto Oy, which builds marketing and sales concepts for B2B companies. The acquisition strengthens Alma Media's information service business and supports the company's strategy of expanding its media business towards a greater emphasis on services.

In the first quarter, Alma Media implemented structural reforms in order to improve the profitability of the publishing business. The company sold its newspaper business in Kainuu to SLP Kustannus Oy in March. Alma Media is also planning to implement significant changes in the production of its two daily newspapers published in Lapland, namely Lapin Kansa and Pohjolan Sanomat.

In response to changes in the media sector, Alma Media has implemented a significant structural transformation in recent years that has led to the digital business growing to account for a third of its revenue. At the same time, the company has become more international through acquisitions. Faced with ongoing uncertainty in its business environment, Alma Media will continue to focus on renewal and invest in new digital business operations. Alma Media wants to be a digital trailblazer in its industry and to continue the implementation of its long-term growth strategy to increase its digital business.

Strategy and related activities during the review period

The cornerstones of the strategy are multi-channel content, marketing and advertising solutions, digital services and improving resources and competencies.

The development of multi-channel content during the first quarter included Aamulehti's launch of *Hetki* ("Moment"), the company's first digital afternoon edition. In concise form, it provides subscribers with the day's most significant news, interesting topics of discussion and tips for the evening. IL-Media continued to focus on lifestyle content and launched a new food service, Pippuri.fi, in January. Moreover, Kauppalehti renewed the content, visual appearance and technology of its online service.

In the area of marketing and advertising solutions, Alma Media launched new programmatic buying channels for advertisers. The new channels enhance digital advertising buying processes and efficiency. Alma Media's media also adopted TNS Metrix's new measurement method for monitoring visitor numbers in online media. The change gives media more reliable data on their visitor numbers. The development of the new measurement method was a joint effort between Alma Media and Finland's other major media companies: Sanoma Media Finland, Yleisradio and MTV.

Digital service development in the first quarter included the launch of a new salary tool, Palkkadata, for employers and jobseekers by the jobseeking service Monster. The tool gives people in the Finnish job market the opportunity to compare their pay, or expected pay, with other people who have similar jobs. In March, Alma Media also made changes to its Meedio.fi marketing service targeted at small and medium-sized enterprises as well as consumers. Going forward, the focus of Meedio.fi will be on bringing special offers, such as those typically seen in print media, together in a single online service.

Alma Media acquired the entire share capital of JM Tieto Oy in the first quarter. Prior to the acquisition, Alma Media held a 20% stake in the company. JM Tieto specialises in building marketing and sales concepts for B2B companies. Its offering combines register and analytics services and new business acquisition services in addition to CRM and marketing technologies. JM Tieto's expertise will also provide added value for other functions in the Financial Media and Business Services segment, such as Alma 360's custom media solutions and Kauppalehti's media sales. JM Tieto will be reorganised to form part of Kauppalehti Information Services' operations in spring 2015.

Alma Media strengthened its digital growth prospects by joining the first round of the acceleration programme Star-Tap focused on digital service innovations. The goal of the programme is to intensify the industry's collaboration with innovative growth companies. The Star-Tap programme has been developed to meet the demands of both major companies and growth companies. Collaboration with growth companies offers Alma Media new opportunities for fast and agile progress in digital growth.

Alma Media also implemented structural reforms in order to improve the profitability of the publishing business. The company sold its newspaper business in Kainuu to SLP Kustannus Oy in March. The divestment saw the regional newspaper Kainuun Sanomat, the town paper Koti-Kajaani and three subscription-based local papers transferred to the subsidiary of Suomalainen Lehtipaino Oy. Alma Media is also planning to implement significant changes in the production of its two daily newspapers published in Lapland, namely Lapin Kansa and Pohjolan Sanomat. According to the plan, the two newspapers' editorial staffs, media sales and production would be consolidated so that, beginning from June 2015, Alma Media would be publishing one 6-day newspaper, Lapin Kansa, in Lapland. It would have another edition, with partly different contents, called Pohjolan Sanomat, distributed in the Kemi–Tornio region. At the same time, the online and mobile services of these newspapers would be revamped.

In the first quarter, major Finnish newspaper publishers established Jakeluyhtiö Suomi, a new delivery enterprise that will be in charge of national sales and customer service for their delivery operations. It will also develop the cooperation and logistics of the companies' delivery operations. The founding partners of the new company are Alma Media's printing and distribution company Alma Manu Ltd, Sanoma Media Finland, Keskisuomalainen Oyj, Kaleva Oy, TS Group, Kaakon Viestintä Oy and Esan Kirjapaino Oy.

Domestic market conditions

According to TNS Media Intelligence, total advertising volume decreased by 2.8% (decreased by 4.8%) in the first quarter. Advertising in city papers and newspapers declined by 6.2% (declined by 10.8%) but increased in online media by 6.1% (increased by 12.5%) from the comparison period. In terms of volume, the total market for afternoon papers declined by 12.1% (declined by 9.7%) in the first quarter of 2015.

Changes in Group structure in 2015

Alma Media acquired the entire share capital of JM Tieto Oy, implemented as a business combination achieved in stages. Prior to the acquisition, Alma Media held a 20% stake in the company. JM Tieto Oy specialises in improving the effectiveness of B2B sales, with a focus on marketing information and its utilisation. JM Tieto will be reorganised to form part of Kauppalehti Information Services' operations in spring 2015.

Alma Media's newspaper business in Kainuu was transferred to a new owner, SLP Kustannus Oy. The divestment saw the regional newspaper Kainuun Sanomat, the town paper Koti-Kajaani and three subscription-based local papers transferred to the subsidiary of Suomalainen Lehtipaino Oy. The transaction does not affect Alma Media's result for the first quarter of 2015. The parties have agreed not to publish the price of the acquisition.

Group revenue and result for January-March 2015

Revenue declined by 1.1% to MEUR 71.9 (72.7) in the first quarter.

Content revenue declined by 5.1% to MEUR 26.0 (27.4). The year-on-year decline was due to the decrease in print media circulations. The increase in content revenue from digital distribution channels was not sufficient to cover the decline in print media content revenue.

Revenue from advertising sales increased by 0.2% to MEUR 35.2 (35.1). Advertising sales for print media decreased by 1.3% from the comparison period to MEUR 16.7 (16.9). Online advertising sales increased by 2.1% to MEUR 18.4 (18.1).

Service revenue totalled MEUR 10.8 (10.2). Service revenue includes items such as Kauppalehti Information Services, the operations of the custom publishing house Alma 360 and E-kontakti and the printing and distribution services sold to customers outside the Group by Alma Manu.

Total expenses decreased in the first quarter by MEUR 0.3, or 0.4%, to MEUR 70.1 (70.4). Depreciation and impairment included in the total expenses amounted to MEUR 3.4 (3.6).

Operating profit excluding non-recurring items was MEUR 1.9 (2.5), or 2.7% (3.4%) of revenue. Operating profit was MEUR 2.7 (3.2), or 3.7% (4.4%) of revenue. The operating profit includes net non-recurring items in the amount of MEUR 0.8 (0.7).

The result for January–March 2015 was MEUR 1.8 (2.2), and the result excluding non-recurring items was MEUR 1.1 (1.4).

Business segments

The reporting segments of Alma Media are Digital Consumer Services, Financial Media and Business Services, National Consumer Media and Regional Media. Centralised services produced by the Group's parent company and centralised digital support services for the entire Group are reported outside segment reporting.

The Group has five operating segments as shown in the table below. The operating segments that produce similar products and services are combined into reportable segments due to their uniform profitability and other characteristics.

^{*)} TNS Gallup changed the calculation method for browser metrics at the beginning of 2015. The figure was previously adjusted by an adjustment algorithm used to estimate factors such as the number of users who have removed the cookie used to count site visits. The use of the adjustment algorithm has now been discontinued and a raw figure is reported for browsers instead. Due to the change, these figures are not comparable with previously published data on browsers.

January-March 2015

The City24 business reported previously under this segment was divested in November 2014. The effect of the divested business was MEUR 0.4 on the segment's revenue and MEUR -0.1 on the segment's operating profit in the comparison period.

In the first quarter of 2015, revenue for the Digital Consumer Services segment increased by 6.7% to MEUR 14.5 (13.6). In total, revenue from the recruitment business increased by 14.6% during the review period and accounted for 73.3% (68.2%) of the segment's revenue in the first quarter of 2015. Domestic revenue declined by 2.2% primarily due to the weak market situation in Finland.

Total expenses during the review period excluding non-recurring items were MEUR 11.8 (11.5).

The Digital Consumer Services segment's operating profit was MEUR 2.7 (2.2). Operating profit was 18.8% (15.9%) of revenue. Profitability improved particularly in the recruitment business in the Czech Republic and Slovakia. The segment did not report non-recurring items during the review period.

Financial Media and Business Services

The Financial Media and Business Services segment specialises in the production of financial information as well as providing information and marketing solutions for businesses. Its best-known product is Finland's leading business paper, Kauppalehti. The segment also includes Kauppalehti Information Services, the business premises service provider Objektvision.se and the custom media house Alma 360.

January-March 2015

JM Tieto, spesialising in building marketing and sales concepts for B2B companies, was acquired in January 2015 and is reported under Kauppalehti Information Services. The effect of the acquisition was MEUR 0.8 on the segment's service revenue and MEUR 0.2 on the segment's profitability. The effect of the BNS business divested in February 2014 was MEUR 0.7 on the segment's service revenue and MEUR 0.1 on the segment's profitability in the comparison period.

Revenue for the Financial Media and Business Services segment increased by 0.3% to MEUR 13.8 (13.7). Online business accounted for 42.2% (43.8%) of the segment's revenue.

Content revenue for Financial Media and Business Services was MEUR 4.0 (4.0). Digital content revenue grew by 14.5% and the increase partly covered the decline in content revenue for print media. Kauppalehti saw growth in visitor numbers after a content renewal implemented in January.

Advertising sales in the first quarter amounted to MEUR 4.0 (3.9). Advertising sales in print media and online grew year-on-year, particularly due to favourable development in March.

The segment's service revenue amounted to MEUR 5.8 (5.9). Service revenue was weighed down by weaker revenue in the customer magazine and information service businesses.

The segment's total expenses excluding non-recurring items were MEUR 11.9 (12.4). Total expenses were reduced by cost savings measures implemented in the customer magazine business, which improved its profitability.

Operating profit excluding non-recurring items for the Financial Media and Business Services segment was MEUR 1.9 (1.4) and operating profit MEUR 2.5 (2.1). Operating profit excluding non-recurring items was 14.0 (10.0) % of revenue. A sales gain of MEUR 0.6 related to the acquisition of JM Tieto, implemented in stages, was reported as a non-recurring item for the period.

January-March 2015

Revenue for the National Consumer Media segment declined by 13.9% to MEUR 9.9 (11.5) in January—March. Online business accounted for 25.5% (29.2%) of the segment's revenue.

The segment's content revenue declined by 6.9% to MEUR 6.4 (6.9) in January–March, mainly due to the decrease of Iltalehti's circulation.

The segment's advertising sales declined by 24.6% to MEUR 3.5 (4.6). Advertising sales for print media decreased by 23.0% The segment's online advertising sales declined by 25.2% to MEUR 2.5 (3.3). Social media channels put downward pressure on digital advertising prices in Finland and reduced Iltalehti's market share.

The segment's total expenses excluding non-recurring items were MEUR 10.2 (10.4). The decrease in total expenses was particularly attributable to the decrease in printing and distribution costs due to lower print media sales. At the same time, investments in online business increased expenses.

The segment's operating profit was MEUR -0.3 (1.1), or -3.1% (9.8%) of revenue. The segment did not report non-recurring items during the review period.

Regional Media

The Regional Media segment reports the publishing activities of more than 30 newspapers of Alma Regional Media and the Group's printing and distribution company Alma Manu. The segment's best-known title is Aamulehti.

January-March 2015

In March 2015, the daily newspaper Kainuun Sanomat and the twice-weekly newspapers Koti-Kajaani, Ylä-Kainuu, Kuhmolainen and Sotkamo, previously reported in the Regional Media segment, were divested. The divested papers' combined revenue in 2014 was approximately MEUR 11.5. The effect of the divestment on the comparison data in the interim report is MEUR 0.9 on revenue and MEUR -0.1 on operating profit.

The Regional Media segment's revenue amounted to MEUR 34.9 (35.1) in January–March. Online business accounted for 2.7% (2.3%) of the segment's revenue.

The segment's content revenue declined by 5.1% to MEUR 15.7 (16.5) in January-March.

The segment's advertising sales declined by 0.3% to MEUR 14.4 (14.5). Advertising sales for print media decreased by 0.7%. The segment's online advertising sales increased by 11.2% to MEUR 0.6 (0.5). Excluding the effect of the divested Kainuu business, advertising sales for print media also increased.

The segment's service revenue increased by 15.8% to MEUR 4.8 (4.1).

The segment's total expenses excluding non-recurring items were MEUR 34.8 (35.0) and total expenses MEUR 34.8 (35.0). The factors contributing to the decline in total expenses included efficiency improvement measures for newspapers as well as printing operations.

Alma Media is planning to consolidate the editorial operations, media sales and production for its two daily newspapers published in Lapland, namely Lapin Kansa and Pohjolan Sanomat, from the beginning of June 2015. At the same time, the online and mobile services of these newspapers will be renewed. According to the employer's estimate, if the plan is implemented, potential repercussions may lead to staff reductions of no more than 30 man-years for the Lapland newspapers.

The segment's operating profit excluding non-recurring items was MEUR 0.2 (0.2) and operating profit MEUR 0.4 (0.2). Operating profit excluding non-recurring items was 0.5% (0.6%) of revenue. The segment reported non-recurring items of MEUR 0.2 related to sales gains on real estate and restructuring expenses.

Associated companies

Alma Media Group holds a 32.14% stake in Talentum Oyj, which is reported under the Financial Media and Business Services segment. The company's own shares in the possession of Talentum are included in the total number of shares. Administration

Alma Media Corporation's Annual General Meeting (AGM) held on 17 March 2015 elected Niklas Herlin, Esa Lager, Petri Niemisvirta, Perttu Rinta, Erkki Solja, Catharina Stackelberg-Hammarén and Harri Suutari as members of the company's Board of Directors. In its constitutive meeting held after the AGM, the Board of Directors elected Harri Suutari as its Chairman.

The Board of Directors appointed the members of its permanent committees. Perttu Rinta and Catharina Stackelberg-Hammarén were elected as members of the Audit Committee and Esa Lager as Chairman of the Committee. Esa Lager, Niklas Herlin and Erkki Solja were elected as members of the Nomination and Compensation Committee and Petri Niemisvirta as Chairman of the Committee.

The Board of Directors of Alma Media Corporation has evaluated that with the exception of Perttu Rinta, Esa Lager and Niklas Herlin, the elected members of the Board of Directors are independent of the company and its significant shareholders. The members named above are evaluated to be independent of the company but dependent on its significant shareholders.

Mikko Korttila, General Counsel of Alma Media Corporation, was appointed secretary to the Board of Directors.

The AGM appointed PricewaterhouseCoopers Oy as the company's auditors, with Markku Launis, APA, as the principal auditor.

Alma Media Corporation applies the Finnish Corporate Governance Code for listed companies, issued by the Securities Market Association on 15 June 2010 and in effect since 1 October 2010, in its unamended

form. The Remuneration Statement for 2014 was published on 13 February 2015 on the company's website at www.almamedia.com/investors.

The Corporate Governance Statement is available on the company's website at www.almamedia.com/investors.

Dividends

In accordance with the proposal of the Board of Directors, the AGM resolved that no dividend be paid for the financial year 2014. The company has no retained earnings.

Use of the invested non-restricted equity fund

In accordance with the proposal of the Board of Directors, the AGM resolved that EUR 36,420,000 be used from the invested non-restricted equity fund, complying with the company's balance sheet of 31 December 2014, to cover losses. The covering of losses improves the preconditions for the distribution of profit in future financial periods.

Capital repayment

In accordance with the proposal of the Board of Directors, the AGM resolved to distribute EUR 0.12 per share as capital repayments from the invested non-restricted equity. At the time of the AGM, the company had 75,486,853 shares, translating into a repayment amount of EUR 9,058,422.36. Capital repayments were paid to shareholders registered in Alma Media Corporation's shareholder register, maintained by Euroclear Finland Ltd, on the record date, 19 March 2015. The capital repayments were paid on 26 March 2015 as proposed by the Board of Directors.

Other decisions by the Annual General Meeting

The Board of Directors proposes that the AGM authorises the Board of Directors to decide on the repurchase of a maximum of 754,000 shares in one or more lots. The proposed maximum authorised quantity represents approximately one per cent of the company's entire share capital. The shares shall be acquired using the company's non-restricted shareholders' equity through trading in a regulated market arranged by NASDAQ OMX Helsinki Oy and in accordance with its rules and instructions, which is why the acquisition is directed, that is, the shares are purchased otherwise than in proportion to shareholders' current holdings. The price paid for the shares shall be based on the price of the company share in the regulated market, so that the minimum price of purchased shares is the lowest market price of the share quoted in the regulated market during the term of validity of the authorisation and the maximum price, correspondingly, the highest market price quoted in the regulated market during the term of validity of the authorisation. Shares may be purchased for the purpose of improving the company's capital structure, financing or carrying out corporate acquisitions or other arrangements, implementing incentive schemes for the management or key employees, or to be otherwise transferred or cancelled. The authorisation is valid until the following ordinary AGM, however no longer than until 30 June 2016.

The AGM authorised the Board of Directors to decide on a share issue by transferring shares in possession of the company. A maximum of 754,000 shares may be issued on the basis of this authorisation. The proposed maximum authorised quantity represents approximately one per cent of the company's entire share capital. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more parts. The Board of Directors may use the authorisation to implement incentive programmes for the management or key employees of the company. The authorisation is valid until the following ordinary AGM, however no longer than until 30 June 2016.

The AGM authorised the Board of Directors to decide on a share issue. A maximum of 15,000,000 shares may be issued on the basis of this authorisation. The proposed maximum authorised amount represents approximately 20% of the company's entire share capital. The share issue may be implemented by issuing new shares or transferring shares now in possession of the company. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more parts. The Board may use the authorisation for developing the capital structure of the company, widening the ownership base, financing or realising acquisitions or other arrangements, or for other purposes decided on by the Board. The authorisation may not, however, be used to implement incentive programmes for the management or key employees of the company. The authorisation is valid until the following ordinary AGM, but no longer than until 30 June 2016. This authorisation overrides the share issue authorisation granted at the Annual General Meeting of 20 March 2014.

In accordance with the proposal of the Board of Directors, the AGM resolved to establish a Shareholders' Nomination Committee. The Nomination Committee's duties include preparing proposals related to the election and remuneration of Board members to the AGM. In conjunction with this decision, the AGM approved the Charter for the Shareholders' Nomination Committee as proposed by the Board of Directors. The Shareholders' Nomination Committee consists of four members appointed by shareholders, and the members elect a chairman from among their number. In addition, the Chairman of the Board acts as an expert member in the Nomination Committee. In the year preceding the AGM, on the basis of shareholding on 30 September in the preceding calendar year, the Chairman of the Board will request each one of the four largest shareholders to appoint one member to the Shareholders' Nomination Committee. The four shareholders who are registered in the shareholder register maintained by Euroclear Finland Ltd on 30 September in the year preceding the AGM and whose share of the votes produced by all shares in the company is the greatest according to this shareholder register have the right to nominate members to represent shareholders. Should a shareholder choose not to exercise the right to appoint a member, the right is transferred to the next largest shareholder in the shareholder register, who would not otherwise have the right to appoint a member. The Nomination Committee Charter is available on the Alma Media Corporation website at www.almamedia.com/investors/corporate-governance/general-meeting/2015.

The Alma Media share

In January–March, altogether 978,632 Alma Media shares were traded at the NASDAQ OMX Helsinki Stock Exchange, representing 1.3% of the total number of shares. The closing price of the Alma Media share at the end of the last trading day of the reporting period, 31 March 2015, was EUR 2.87. The lowest quotation during the review period was EUR 2.75 and the highest EUR 3.24.

Option programme and share-based incentive plan

Alma Media has the option programme 2009 in effect. The programme is an incentive and commitment system for Group management. If all the subscription rights are exercised, the programme 2009 will dilute the holdings of the earlier shareholders by a maximum of 2.0%. Further details about the programme are given in the notes to this Interim Report.

The Board of Directors of Alma Media Corporation has approved the establishment of a new long-term share-based incentive programme for the key management of Alma Media. The LTI 2015 arrangement consists of annually commencing individual plans, each subject to separate Board approval. Each of the individual plans consists of three main elements: an investment in Alma Media shares as a precondition for the key management member's participation in LTI 2015, matching shares based on the above share investment and the possibility of earning performance-based matching shares. At most 35 people are eligible to participate in the first plan under the LTI 2015 arrangement, commencing in 2015.

Other authorisations of the Board of Directors

The Board of Directors has no other current authorisations.

Market liquidity guarantee

The Alma Media share has no market liquidity guarantee in effect.

Flagging notices

In the first quarter of 2015, Alma Media did not receive notices of changes in shareholdings pursuant to Chapter 9, Section 5 of the Finnish Securities Markets Act.

Risks and risk management

The purpose of Alma Media Group's risk management activities is to continuously evaluate and manage all opportunities, threats and risks in conjunction with the company's operations to enable the company to reach its set objectives and to secure business continuity.

The risk management process identifies and controls the risks, develops appropriate risk management methods and regularly reports on risk issues to the risk management organisation. Risk management is part of Alma Media's internal control function and thereby part of good corporate governance. Alma Media specifies limits to and procedures for quantitative and qualitative risks in writing in its risk management system.

The most critical strategic risks for Alma Media are a significant drop in its print newspaper readership, a permanent decline in advertising sales and a significant increase in distribution and delivery costs. The media industry is undergoing changes following the transformation in media consumption and technological development. Alma Media's strategic objective is to meet this challenge through renewal and the development of new business in digital consumer and business services.

Fluctuating economic cycles are reflected in the development of advertising sales. Advertising sales account for approximately half of the Group's revenue. Business operations outside Finland, such as in the Eastern and Central European countries, include country-specific risks relating to market development and economic growth. The expansion of business outside Finland has reduced the risks inherent in operating in one market area.

The most important operational risks are disturbances in information technology and data transfer, as well as an interruption of the printing operations.

Sustainable development

With its Code of Ethics, Alma Media is committed to supporting the universally accepted principles in the areas of human rights, labour, environment and anti-corruption laid out in the United Nations Global Compact initiative. Alma Media participates in the annual Carbon Disclosure Project (CDP) climate reporting directed at investors, and was ranked as the top Nordic media company in October 2014. In addition, the Alma Media share is included in the OMX GES Sustainability Finland index. Alma Media is a member of the corporate responsibility networks Nordic Media CR Forum and Finnish Business & Society. In January 2015, Alma Media become a member of the Finnish Business & Society's diversity network and signed the Diversity Undertaking.

The most significant environmental impacts of Alma Media's business operations are related to purchases, printing and delivery operations and real estate. In 2014, the company's printing facilities used approximately 23,956 (23,489) tonnes of newsprint. Alma Media used 13,298 (16,333) MWh of electric power in 2014. Electricity consumption decreased by 18.6% year-on-year. Additional information on the company's Sustainable Media programme is available on the Alma Media website.

Events after the review period

Alma Media's subsidiary Alma Media Kustannus Oy divested Koti-Lappi, a town paper published in Kemijärvi, effective on 1 May 2015.

Acquired businesses in 2015

Alma Media has acquired the following business operations during 2015:

| | Business | Acquisition date | Group share |
|---|----------------|------------------|-------------|
| Financial Media and Business Services segment | | | |
| JM Tieto Oy | Online service | 1 Jan 2015 | 80% |

The acquisition of JM-Tieto Oy was implemented as a business combination achieved in stages. The Group's prior holding in the company was 20%.

The following table presents the opening balance sheets of the acquired operations, the total acquisition price and impact on cash flow:

| MEUR | Fair values at consolidation |

| Acquisition of associated company | 0.6 |
| Consideration, settled in cash | 2.9 |
| Contingent consideration | 2.9 |
| Incremental acquisition | 0.6 |
| Total | 7.0 |

Group revenue for 2014 would have been an estimated MEUR 298.5 (reported MEUR 295.4), assuming the acquisitions had taken place at the beginning of 2014.

The fair values entered on intangible assets in consolidation relate primarily to acquired ICT applications and customer agreements. Factors contributory to goodwill were the expected synergies related to these businesses.

Contingent considerations

Contingent considerations arising from business acquisitions are classified as financial liabilities recognised at fair value through profit or loss. The amount of the contingent considerations due to acquisitions and business arrangements is based on the revenue and operating profits of the acquired businesses in 2015.

Option programme

Alma Media has the option programme 2009 in effect. The programme is an incentive and commitment system for Group management.

Under the option programme 2009, a maximum total of 2,130,000 stock options could be granted during 2009–2011, and these could be exercised to subscribe to a maximum of 2,130,000 Alma Media shares, either new or in possession of the company. Of the total number of options, 710,000 were marked 2009A, 710,000 were marked 2009B and 710,000 were marked 2009C.

The option programmes 2009A and 2009B have ended.

A total of 640,000 options were issued under the 2009C programme. The share subscription period for 2009C is 1 April 2014–31 March 2016. The management has 535,000 options 2009C in its possession. The share subscription price was EUR 7.23 in March 2015.

If all the subscription rights are exercised, the option programme 2009 will dilute the holdings of the earlier shareholders by a maximum of 2.0%.

Share-based incentive plan

The Performance Share Plan for the key employees of Alma Media Group, approved by the Board of Directors of Alma Media Corporation in February 2012, has ended. The performance target was not achieved in the specified performance periods and the arrangement was not realised.

New share-based incentive plan

The Board of Directors of Alma Media Corporation has approved the establishment of a new long-term share-based incentive programme for the key management of Alma Media.

The objective of LTI 2015 is to align the interests of the participants with those of Alma Media's shareholders by creating a long-term equity interest for the participants and, thus, to increase the company value in the long term as well as to drive performance culture, to retain participants and to offer them with competitive compensation for excellent performance in the company.

The LTI 2015 arrangement consists of annually commencing individual plans, each subject to separate Board approval. Each of the individual plans consists of three main elements: an investment in Alma Media shares as a precondition for the key management member's participation in LTI 2015, matching shares based on the above share investment and the possibility of earning performance-based matching shares.

The matching share plan

In the matching share plan the participant receives a fixed amount of matching shares against an investment in Alma Media shares.

In the first matching share plan commencing in the year 2015 the participant will receive two matching shares for each invested share free of charge after a two-year vesting period. If all the eligible key management members participate in the matching share plan by investing the maximum amount of shares, the maximum aggregate amount of the first matching shares is 159,000 shares (gross amount from which taxes are withheld).

The performance matching plan

The performance matching plan comprises a five-year performance period in total. The potential share rewards will be delivered in tranches after three and five years if the performance targets set by the Board of Directors are attained.

The performance measures used in the first performance matching plan commencing in the year 2015 are based on the company's profitable growth and share value. If the performance targets set by the Board of Directors are attained in full, the participant will receive in total four matching shares for each invested share free of charge. In that case, if all the eligible key management members participate in the performance matching plan by investing the maximum amount of shares, the maximum aggregate amount of the first performance matching shares is 318,000 shares (gross amount from which taxes are withheld).

Other information

At most 35 people are eligible to participate in the first plan under the LTI 2015 arrangement, commencing in 2015.

The Board of Directors anticipates that no new shares will be issued in connection with the new share-based incentive plan and, therefore, the plan will have no dilutive effect on the number of the company's registered shares. The Board of Directors has in the notice to the Annual General Meeting published on 13 February 2015 proposed to the Annual General Meeting held on 17 March 2015 that the Board of Directors be authorised to decide on the repurchase of a maximum of 754,000 shares in one or more lots and, further, that the Board of Directors be authorised to decide on a share issue by transferring shares in possession of the company to implement incentive programmes.

Main accounting principles (IFRS)

This interim report has been prepared according to IFRS standards (IAS 34). The interim report applies the same accounting principles and calculation methods as the annual accounts dated 31 December 2014. The interim report does not, however, contain all the information or notes to the accounts included in the annual financial statements. This report should therefore be read in conjunction with the company's financial statements for 2014. The accounting principles of the financial years 2014 and 2015 are comparable. The company has no discontinued operations to report in the 2014–2015 financial periods.

The key indicators are calculated using the same formulae as applied in the previous annual financial statements. The quarterly percentages of Return on Investment (ROI) and Return on Equity (ROE) have been annualised using the formula ((1+quarterly return)4)-1). The percentage of online business of revenue is calculated as online business/revenue * 100. The figures in this interim report are independently rounded.

No new accounting standards were adopted on 1 January 2015.

The figures in this interim report are unaudited.

Seasonality

The Group recognises its content revenue from publishing activities as paid. For this reason, content revenues accrue in the income statement fairly evenly during the four quarters of the year. The bulk of newspaper subscription invoicing takes place at the beginning of the year and, therefore, the cash flow from operating activities is the strongest early in the year. This also affects the company's balance sheet position in different quarters.

General statement

This report contains certain statements that are estimates based on the management's best knowledge at the time they were made. For this reason, they contain a certain amount of risk and uncertainty. The estimates may change in the event of significant changes in the general economic conditions.
