Dividend proposal to the Annual General Meeting:

On 31 December 2014, the Group's parent company had distributable funds totalling EUR 179,932,379 (23,905,611). No essential changes in the company's financial standing have taken place after the end of the financial year. Alma Media's Board of Directors proposes to the Annual General Meeting that a capital repayment of EUR 0.12 (2013: EUR 0.10) per share be paid from the reserve for invested non-restricted equity for the financial year 2014. Based on the number of shares on the closing date 31 December 2014, the capital repayment totals EUR 9,058,422 (2013: EUR 7,548,685).

Outlook for 2015:

Low interest rates, a weaker euro and lower oil price improve the chances for growth in the long run. However, in 2015, economic growth is still expected to remain weak in Europe and, in particular, in Finland. The weak overall economic growth has an impact on advertising volume, which is not expected to increase in Finland in 2015.

In the first half of 2015, Alma Media expects its revenue and operating profit excluding non-recurring items to decrease from the 2014 level. The revenue for the first half of 2014 was MEUR 148.4, and operating profit excluding non-recurring items MEUR 8.8.

Kai Telanne, President and CEO:

In 2014, media companies had another challenging year. Print media continued to decline, as media users increasingly switched to digital channels, mobile services in particular. With increasing unemployment rates and the declining trade between Finland and Russia, the long-awaited upswing in the Finnish national economy did not take place. According to TNS Media Intelligence, media advertising volume, which is linked to GDP growth, decreased in Finland in 2014 by 3.5% year-on-year. According to a recent advertising barometer, this trend will continue in the beginning of 2015.

Alma Media's revenue remained almost on last year's level. Operating profit excluding non-recurring items decreased to MEUR 21.4. As the economy in Finland continued to be weak, the development of the company's business in Finland in 2014 was also weak in print media. However, Alma Media's digital recruitment service business in Eastern Central Europe grew vigorously throughout the year, and its profitability remained excellent. In the final quarter of 2014, recruitment business outside Finland grew by over 25%.

Alma Media's investment in digital development paid off in 2014. The Group's revenue from digital products and services increased by 12%. Digital advertising sales nearly reached the level of print media advertising sales. Digital products and services accounted for 32.0% (28.4%) of Group revenue.

Towards the end of 2014, Alma Media decided to divest City24, a housing portal in the Baltic countries. Outside Finland, Alma Media will now focus on strengthening its digital recruitment services.

Regardless of economic cycles, Alma Media has a solid position in the diversifying media field, due to its digital expertise and strong brands. The company is making investments in developing multichannel content, creating new mobile solutions, increasing digital services, using data in multiple ways and developing successful advertising solutions.

Alma Media's financing standing strenghtened significantly during last year and the gearing ratio increased to over 42%. The company continues to invest in growth and internationalisation, whenever opportunities that are in line with the company strategy arise.

Strategy and related activities during the review period

The cornerstones of the strategy are multi-channel content, marketing and advertising solutions, digital services and improving resources and competencies.

Multi-channel content was developed in the fourth quarter by Alma Regional Media that publishes Alma Media's regional, local and city newspapers. Alma Regional Media appointed a new director of digital business. In addition, Alma Regional Media launched the Etukeno project, in which employees participate in the planning of digital business. The duration of the project is approximately 18 months.

Kauppalehti finalised the reformation of its online service in the fourth quarter. The new online service with refreshed content, visual design and technologies was launched in January 2015. New arrivals on the site include the continuously updated news flow KL Nyt ('KL Now'), which allows the reader to keep up with financial and stock market news using a mobile device. In addition, the site includes the articles of the day's Kauppalehti and Kauppalehti Optio. The editors also monitor new thematic areas more extensively, such as the digital economy.

IL-Media, strongly focusing on digital media, reinforced its lifestyle expertise by appointing a new publications manager for content related to health, living, cars and travel. IL-Media also reshaped its visual design production organisation. The company completed statutory employee negotiations in October 2014. As a result of the negotiations, it was decided to combine the photo and layout departments of IL-Media into a single visual design department.

In the fourth quarter, Alma Media decided to divest City24, a housing portal in the Baltic countries. The service was sold to Oü 24m2, owned by the Estonian investment company Koha Capital Oü. After the divestment of City24, Alma Media's focus outside Finland is on strengthening its digital recruitment services.

The Lännen Media newsroom officially started operations at the beginning of October. The joint project of 12 newspapers employs an editorial team of 40 people. As a result of the collaboration, regional papers benefit from a significant amount of new content to be utilised in both the print newspaper and paid online services.

In the fourth quarter, major Finnish newspaper publishers decided to investigate the possibility of establishing a joint venture to develop the co-operation between early morning delivery service providers and their logistics and to manage the nationwide sales of delivery services. The aim is to create a system for the early morning delivery network of newspaper publishers, so that it could take on more material to deliver, while ensuring the continued high standard and cost-efficiency of delivery.

Domestic market conditions

According to TNS Media Intelligence, total advertising volume decreased by 4.9% (decreased by 6.7%) in the last quarter of the year. Advertising in city papers and newspapers declined by 7.0% (declined by 14.8%) but increased in online media by 1.7% (increased by 7.6%) from the comparison period. In terms of volume, the total market for afternoon papers declined by 8.5% (declined by 9.5%) in the fourth quarter of 2014.

According to TNS Media Intelligence, total advertising volume decreased by 3.5% (decreased by 8.5%) in 2014. Advertising in city papers and newspapers declined by 8.3% (declined by 15.7%) but increased in online media by 12.3% (increased by 5.8%) from the comparison period.

Changes in Group structure in 2014

On 28 November 2014, Alma Media sold City24, a housing portal in the Baltic countries. The service was sold to Oü 24m2, owned by the Estonian investment company Koha Capital Oü.

The parties agreed not to disclose the selling price. Alma Media records sales proceeds of MEUR 1.7 in its fourth-quarter 2014 result from the transaction.

On 2 June 2014, Alma Media Partners Oy, a subsidiary of Alma Media Group, acquired the entire share capital of Alkali Oy. Alma Media Group previously held a 24.3% stake in the company. The acquisition is treated in Alma Media's consolidated financial statements as a business combination achieved in stages. The arrangement did not have a significant effect on Alma Media's profit or loss at the time of its implementation. The company will be consolidated with Alma Media Group in accordance with the Group's holding of 65%.

Alma Media Corporation and Monster Worldwide Inc. agreed to strengthen their co-operation to cover Eastern Central Europe and the Baltic countries. The expansion of the cooperation saw Monster's services being added to Alma Media's recruitment service offering, which is available in Finland, Estonia, Latvia, Lithuania, Poland, Czech Republic, Slovakia, Hungary and Croatia. The business will be run by Alma Career Oy (previously Monster Oy), and it will be reported under Alma Media's Digital Consumer Services segment.

Monster Worldwide Inc. became Alma Career Oy's minority shareholder with a 15% holding. Against its holding, Monster Worldwide Inc. transferred its recruitment service business in Poland, Hungary and Czech Republic to the company and purchased shares in the company for MEUR 4.7. Alma Media owns 85% of the company's shares. Monster has an option to increase its holding to 20% by 2017. The arrangement was carried out on 3 January 2014, and it did not have any effects on Alma Media's profit or loss at the time of its implementation. The arrangement had a positive cash flow impact of MEUR 4.7 million in the first quarter of 2014. More information on the arrangement is provided in the tables section of the interim report.

Baltic News Service, reported in Alma Media's Financial Media and Business Services segment, was sold in February 2014. The buyer is OÜ Uudisvoog, a company owned by the Estonian investment company Koha Capital OÜ. Alma Media recorded sales proceeds of MEUR 0.7 in its first-quarter 2014 result from the transaction.

Group revenue and result for October-December 2014

The Group's fourth-quarter revenue decreased by 0.9% to MEUR 76.6 (77.3).

Content revenue declined by 3.5% to MEUR 27.7 (28.7). The decline in content revenue from the comparison period was due to the decrease of print media circulations. The increase in content revenue from digital distribution channels was not sufficient to cover the decline in print media content revenue.

Revenue from advertising sales increased by 0.6% to MEUR 38.6 (38.4). Advertising sales for print media decreased by 6.0% from the comparison period to MEUR 19.8 (21.1). Online advertising sales increased by 11.3% to MEUR 19.0 (17.1).

Service revenue remained unchanged from the comparison period, totalling MEUR 10.2 (10.2). Service revenue includes items such as Kauppalehti Information Services, the operations of the custom publishing house Alma 360 and E-kontakti and the printing and distribution services sold to customers outside the Group by Alma Manu.

Total expenses increased in the last quarter of 2014 by MEUR 0.5, or 0.7%, to MEUR 73.8 (73.3). Depreciation and impairment included in the total expenses amounted to MEUR 5.3 (5.6).

Operating profit excluding non-recurring items was MEUR 5.6 (6.4), or 7.3 (8.2)% of revenue. Operating profit was MEUR 4.8 (4.3), or 6.3 (5.6)% of revenue. The operating profit includes net non-recurring items in the amount of MEUR -0.8 (-2.0).

The financial result for October–December 2014 was MEUR 4.0 (-2.0), and the result excluding non-recurring items was MEUR 4.8 (5.1).

Group revenue and result full year 2014

Revenue declined by 1.6% to MEUR 295.4 (300.2) in 2014.

Content revenue decreased by 4.5% to MEUR 110.1 (115.3). The year-on-year decline was due to the decrease in print media circulations.

Revenue from advertising sales decreased by 0.6% to MEUR 146.4 (147.3). Advertising sales for print media decreased by 7.8% from the comparison period to MEUR 73.7 (80.0). Online advertising sales increased by 9.4% to MEUR 72.7 (66.5).

Service revenue totalled MEUR 38.8 (37.6). Service revenue includes items such as Kauppalehti Information Services, the operations of the custom publishing house Alma 360 and E-kontakti and the printing and distribution services sold to customers outside the Group by Alma Manu. The increased revenues of Kauppalehti Information Services and Alma Manu were major contributors to the increase in service revenue.

Total expenses decreased in 2014 by MEUR 4.5, or 1.6%, to MEUR 277.9 (282.4). Depreciation and impairment included in the total expenses amounted to MEUR 15.7 (18.3).

Operating profit excluding non-recurring items was MEUR 21.4 (24.2), or 7.2% (8.0%) of revenue. Operating profit was MEUR 20.7 (27.0), or 7.0 (9.0) % of revenue. The operating profit includes net non-recurring items in the amount of MEUR -0.7 (2.8).

The financial result for 2014 was MEUR 15.7 (16.0), and the result for the period excluding non-recurring items was MEUR 16.5 (18.1).

Business segments

Alma Media Group's reporting structure was changed at the beginning of 2014. From the beginning of 2014, Alma Media's reportable segments are Digital Consumer Services, Financial Media and Business Services, National Consumer Media and Regional Media. Centralised services produced by the Group's parent company and centralised digital support services for the entire Group are reported outside segment reporting.

The Group has five operating segments as shown in the table below. The operating segments that produce similar products and services are combined into reportable segments due to their uniform profitability and other characteristics. The change in the segment structure is due to the transformation of the business environment in the media industry, with media consumption increasingly shifting to digital channels.

REPORTABLE SEGMENT:	OPERATING SEGMENT:
Digital Consumer Services	Marketplaces
	Alma Diverso
	Financial Media and Business
Financial Media and Business Services	Services
National Consumer Media	National Consumer Media
Regional Media	Regional Media

Changes in segment reporting:

- In the Digital Consumer Services segment, the centralised digital support services for the entire Group have been moved to non-allocated items outside segment reporting.
- The name of Kauppalehti Group was changed to Financial Media and Business Services.
- The new National Consumer Media segment consists of the IL-Media operating segment, previously reported under the Newspapers segment.
- The new Regional Media segment includes the Alma Regional Media operating segment, previously reported under the Newspapers segment, as well as the Group's printing and distribution company Alma Manu, previously reported under the Other Operations segment.
- Other Operations no longer constitutes a separate segment. Instead, the operations of the Group's parent company are reported as non-allocated items.

As the structure and composition of the reportable segments have changed, Alma Media has, in accordance with the IFRS 8 Operating Segments standard, adjusted the corresponding items in segment information for the 2013 comparison period. The effect of the change, as well as segment revenue and operating profit under the previous and newly adopted segment structures, is summarised in the tables presented in the notes section of the Financial Statement Release.

October-December 2014

In the last quarter of 2014, revenue for the Digital Consumer Services segment increased by 14.1% to MEUR 14.7 (12.9). Revenue from the recruitment business increased by 23.4% during the review period and accounted for 69.5 (64.3)% of the segment's revenue in the last quarter of 2014. Revenue from operations in Finland did not increase.

Total expenses during the review period excluding non-recurring items were MEUR 12.9 (11.5).

The Digital Consumer Services segment's operating profit excluding non-recurring items was MEUR 1.9 (1.5) in the fourth quarter. Operating profit excluding non-recurring items accounted for 12.9 (11.3)% of revenue. The segment's operating profit was MEUR 3.5 (1.4). The non-recurring items were related to sales gains from the divestment of the City24 housing portal and impairment of assets.

Full year 2014

In 2014, the Digital Consumer Services segment's revenue was MEUR 55.8 (52.6), up 6.1%. Recruitment-related business accounted for 67.5 (62.0)% of the segment's revenue in 2014. The revenue for the comparison period includes MEUR 2.2 in revenue from the Mascus business sold in April 2013. The devaluation of the Czech koruna in November 2013 decreased the segment's euro revenue by a total of MEUR 1.1 year-on-year. Revenue was increased by MEUR 1.8 by new recruitment service companies in Hungary, the Czech Republic and Poland.

Total expenses during the review period amounted to MEUR 46.8 (43.4).

The Digital Consumer Services segment's operating profit excluding non-recurring items was MEUR 9.2 (9.4). The segment's operating profit was MEUR 10.7 (17.7). Investments were made in the new recruitment services acquired in January 2014, causing a negative effect of MEUR 1.2 on the result. The operating profit for 2014 includes non-recurring items of MEUR 1.5 (8.5). The non-recurring items for 2014 were related to sales gains from the divestment of the City24 housing portal and impairment of assets. The operating profit for the comparison period includes non-recurring proceeds from the divestment of the Mascus business.

October-December 2014

Revenue for the Financial Media and Business Services segment declined by 9.0% to MEUR 14.0~(15.4). The divestment of the BNS business operations in February had an effect of MEUR 1.1 on the decline in revenue. Online business accounted for 42.5~(34.0)% of the segment's revenue.

Content revenue for Financial Media and Business Services was MEUR 4.4 (4.4), unchanged year-on-year. Digital content revenue grew by 20.8%, compensating for the decline in content revenue for print media. The decline in content revenue from print media was partly due to the termination of unprofitable subscriptions.

Advertising sales in the fourth quarter of 2014 amounted to MEUR 4.1 (4.7). The decrease in total advertising sales was due to decreased print media advertising sales. Online advertising sales increased by 11.9% from the comparison period.

The segment's total expenses excluding non-recurring items were MEUR 12.2 (12.8). Marketing investments increased the costs in the fourth quarter. As a result of the divestment of the BNS business early in the year, expenses decreased by MEUR 1.0

Operating profit excluding non-recurring items for the Financial Media and Business Services segment was MEUR 1.8 (2.6) and operating profit MEUR 1.4 (2.6). Operating profit excluding non-recurring items accounted for 13.2 (16.7)% of revenue. In the fourth quarter of 2014, the non-recurring expenses of MEUR 0.5 were due to impairment loss recognised on the goodwill of custom media business.

Full year 2014

Revenue for the Financial Media and Business Services segment declined by 6.7% to MEUR 53.0 (56.8). The divestment of the BNS business operations in February had an effect of MEUR 2.1 on the decline in revenue. Online business accounted for 43.0 (33.4)% of the segment's revenue.

Content revenue for the Financial Media and Business Services segment declined by 3.5% to MEUR 16.2 (16.8). The increase in digital content revenue partly covered the decline in content revenue for print media.

In 2014, advertising sales declined by 4.1% to MEUR 15.6 (16.2). Online advertising sales increased by 14.4% from the comparison period.

The segment's total expenses excluding non-recurring items were MEUR 46.4 (49.1). The decrease in total expenses is due to the divestment of the BNS business operations.

Operating profit excluding non-recurring items for the Financial Media and Business Services segment was MEUR 6.7 (7.8) and operating profit MEUR 6.5 (7.8). Operating profit excluding non-recurring items accounted for 12.6 (13.8)% of revenue. The operating profit includes non-recurring income in the amount of MEUR 0.7 (0.0) and non-recurring expenses in the amount of MEUR 0.5 (0.0). Operating profit was weighed down by the weakened profitability of custom media business operations. The non-recurring items affecting operating profit were related to sales gains from the divestment of the BNS business, the restructuring of Alma360's operations and impairment loss.

National Consumer Media

The National Consumer Media segment reports the various publishing services of IL-Media.

October-December 2014

Revenue for the Regional Media segment in October–December amounted to MEUR 38.3 (38.2). Online business accounted for 2.8% (2.2%) of the segment's revenue.

The segment's content revenue declined by 2.8% to MEUR 16.4 (16.9) in October–December, which was due to circulation decreases for printed newspapers.

The segment's advertising sales declined by 3.6% to MEUR 17.1 (17.7). Advertising sales for print media decreased by 3.6% The segment's online advertising sales remained unchanged from the comparison period, totalling MEUR 0.6 (0.6).

The segment's service revenue increased by 32.3% to MEUR 4.8 (3.6). The increase in service revenue is attributable to the growth in printing revenue from external customers.

The segment's total expenses excluding non-recurring items were MEUR 34.6 (34.6) and total expenses MEUR 36.0 (36.6). Increased delivery costs in Kainuu, Pohjanmaa and Varsinais-Suomi were compensated by efficiency improvement measures for newspapers and printing operations.

In 2013, the procurement cost of the new printing press was increased by MEUR 3.4 in value-added tax related to a partial delivery. In 2013, the leasing company that financed the printing press received a preliminary decision from the Finnish Central Tax Board, stating that the value-added tax related to the printing press delivery was nondeductible insofar as the value-added tax concerned advance payments to the now bankrupt supplier manroland AG. On 23 December 2014, the Finnish Supreme Administrative Court gave its decision on the tax appeal filed by the leasing company. The court decided in favour of the leasing company and repealed the decision of the Finnish Central Tax Board. On the basis of this, Alma Media removed the provision shown in Tangible Assets and Provisions.

The segment's operating profit excluding non-recurring items was MEUR 3.8 (3.6) and operating profit MEUR 2.5 (1.7). Operating profit excluding non-recurring items accounted for 9.9% (9.5%) of revenue. The segment's non-recurring expenses of MEUR 1.3 are related to impairment loss on goodwill.

Full year 2014

The Regional Media segment's revenue declined by 1.3% to MEUR 145.2 (147.1) in January–December. Online business operations accounted for 2.6% (1.8%) of the segment's revenue.

The segment's content revenue decreased by 3.1% to MEUR 65.5 (67.6) in January–December, mainly due to the decrease in print media circulation.

The segment's advertising sales declined by 6.1% to MEUR 62.5 (66.5). Advertising sales for print media decreased by 6.7% The segment's online advertising sales increased by 10.8% to MEUR 2.1 (1.9).

The segment's service revenue increased by 32.7% to MEUR 17.2 (13.0). The increase in service revenue is attributable to the growth in printing revenue from external customers.

The segment's total expenses excluding non-recurring items were MEUR 135.8 (137.4) and total expenses MEUR 137.2 (142.9). Total expenses were reduced by the efficiency improvement measures for newspapers and printing operations. Non-recurring items totalled MEUR -1.3 (-5.5). The non-recurring items for 2014 were related to impairment loss on goodwill. The non-recurring items in the comparison period were mainly related to the restructuring of printing operations.

Operational reliability at the new printing facility in Tampere is back to normal, and paper losses in connection with production changes have been successfully reduced. Printing operations in Rovaniemi were discontinued on 31 March 2014, and the printing of Pohjolan Sanomat and Lapin Kansa was transferred to a printing house outside the Group.

The segment's operating profit excluding non-recurring items was MEUR 9.6 (9.8) and operating profit MEUR 8.3 (4.3). Operating profit excluding non-recurring items accounted for 6.6% (6.6%) of revenue.

Dividends

In accordance with the proposal of the Board of Directors, the AGM resolved that no dividend be paid for the financial year 2013. The company has no retained earnings.

Use of the invested non-restricted equity fund

In accordance with the proposal of the Board of Directors, the AGM resolved that EUR 76,100,000 be used from the invested non-restricted equity fund, complying with the company's balance sheet of 31 December 2013, to cover losses. The covering of losses improves the preconditions for the distribution of profit in future financial periods.

Capital repayment

In accordance with the proposal of the Board of Directors, the AGM resolved to distribute EUR 0.10 per share as capital repayments from the invested non-restricted equity. At the time of the AGM, the company had 75,486,853 shares, translating into a repayment amount of EUR 7,548,685. Capital repayments were paid to shareholders registered in Alma Media Corporation's shareholder register, maintained by Euroclear Finland Ltd, on the record date, 25 March 2014. The capital repayments were paid on 1 April 2014 as proposed by the Board of Directors.

Authorisation to the Board of Directors to resolve capital repayment

The AGM authorised, in accordance with the proposal by the Board of Directors, the Board, at its discretion, to resolve the distribution of funds to shareholders as capital repayments from the invested non-restricted equity fund. The maximum amount of capital repayment on the basis of the authorisation is EUR 0.10 per share. At the time of the AGM, the company had 75,486,853 shares, translating into a maximum repayment amount of EUR 7,548,685. The authorisation remains valid until the start of the subsequent AGM, yet not past 30 June 2015.

Other decisions by the Annual General Meeting

As proposed by the Board of Directors, the AGM resolved to reduce the share premium fund shown on the balance sheet on 31 December 2013, EUR 319,295,759, by a total of EUR 200,000,000, which will be transferred to the company's invested non-restricted equity fund. The equity of the company consists almost entirely of restricted equity, and it is expedient for the equity structure and distribution of profits to change the structure in a way that reduces the proportion of restricted equity in total equity. The share premium fund constitutes part of the company's restricted equity, which is why reducing the fund requires a public notice to creditors in accordance with the Limited Liability Companies Act. All practicalities of reducing the share premium fund are decided by the Board of Directors.

The AGM authorised the Board of Directors to decide on a share issue. The authorisation entitles the Board to issue a maximum of 15,000,000 shares. This maximum amount of shares corresponds to approximately 20% of the total number of shares of the company. The share issue may be implemented by issuing new shares or transferring shares now in possession of the company. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more parts.

The Board may use the authorisation for developing the capital structure of the company, widening the ownership base, financing or realising acquisitions or other arrangements, or for other purposes decided upon by the Board. The authorisation may not, however, be used to implement incentive programmes for the management or key employees of the company. The authorisation is valid until the following ordinary AGM, however no longer than until 30 June 2015.

The Alma Media share

In October–December, altogether 1,463,169 Alma Media shares were traded at the NASDAQ OMX Helsinki Stock Exchange, representing 1.9% of the total number of shares. The lowest quotation during the review period was EUR 2.65 and the highest EUR 3.16.

In January—December, altogether 5,977,028 Alma Media shares were traded at the NASDAQ OMX Helsinki Stock Exchange, representing 7.9% of the total number of shares. The closing price of the Alma Media share at the end of the last trading day of the reporting period, 31 December 2014, was EUR 2.75. The lowest quotation in 2014 was EUR 2.55 and the highest EUR 3.16. Alma Media Corporation's market capitalisation at the end of the review period was MEUR 207.6.

Option programme and share-based incentive plan

Alma Media has the option programme 2009 in effect. The programme is an incentive and commitment system for Group management. If all the subscription rights are exercised, the programme 2009 will dilute the holdings of the earlier shareholders by a maximum of 2.0%. Further details about the programme are given in the notes to this Interim Report.

The Board of Directors of Alma Media Corporation decided in 2012 on a new share-based incentive plan for the Group's key employees. The new Performance Share Plan consists of three performance periods, the 2012, 2013 and 2014 calendar years. The Board of Directors will decide on the plan's performance criteria and the achievement targets at the beginning of each performance period. No rewards were paid for the performance periods 2012 and 2013. The potential reward from the plan for the performance period 2014 will be based on Alma Media Group's profitability, and it will be paid partly in the company's shares and partly in cash in 2015. For the members of the Group Executive Team, the plan additionally includes one three-year performance period, the calendar years 2012–2014, based on the profitable growth of the Group. No reward is expected to be paid for these performance periods. The Performance Share Plan includes approximately 20 persons.

Other authorisations of the Board of Directors

The Board of Directors has no other current authorisations.

Market liquidity guarantee

The Alma Media share has no market liquidity guarantee in effect.

Flagging notices

In 2014, Alma Media received notices of changes in shareholdings pursuant to Chapter 9, Section 5 of the Finnish Securities Markets Act as follows:

On 18 September 2014, Mariatorp Oy announced that it had purchased 200,000 Alma Media Corporation shares. After the transaction, Mariatorp Oy holds approximately 15.2% of Alma Media's share capital and votes.

Risks and risk management

The purpose of Alma Media Group's risk management activities is to continuously evaluate and manage all opportunities, threats and risks in conjunction with the company's operations to enable the company to reach its set objectives and to secure business continuity.

The risk management process identifies and controls the risks, develops appropriate risk management methods and regularly reports on risk issues to the risk management organisation. Risk management is part of Alma Media's internal control function and thereby part of good corporate governance. Alma Media

specifies limits to and procedures for quantitative and qualitative risks in writing in its risk management system.

The most critical strategic risks for Alma Media are a significant drop in its print newspaper readership, a permanent decline in advertising sales and a significant increase in distribution and delivery costs. The media industry is undergoing changes following the transformation in media consumption and technological development. Alma Media's strategic objective is to meet this challenge through renewal and the development of new business in digital consumer and business services.

Fluctuating economic cycles are reflected in the development of advertising sales. Advertising sales account for approximately half of the Group's revenue. Business operations outside Finland, such as in the Eastern and Central European countries, include country-specific risks relating to market development and economic growth. The expansion of business outside Finland has reduced the risks inherent in operating in one market area.

The most important operational risks are disturbances in information technology and data transfer, as well as an interruption of the printing operations.

Sustainable development

With its Code of Ethics, Alma Media is committed to supporting the universally accepted principles in the areas of human rights, labour, environment and anti-corruption laid out in the United Nations Global Compact initiative. Alma Media participates in the annual Carbon Disclosure Project (CDP) climate reporting directed at investors, and was ranked as the top Nordic media company in October 2014. In addition, the Alma Media share is included in the OMX GES Sustainability Finland index. Alma Media is a member of the corporate responsibility networks Nordic Media CR Forum and Finnish Business & Society.

The most significant environmental impacts of Alma Media's business operations are related to purchases, printing and delivery operations and real estate. In 2014, the company's printing facilities used approximately 23,956 (23,489) tonnes of newsprint. Alma Media used 13,298 (16,333) MWh of electric power in 2014. Electricity consumption decreased by 18.6% year-on-year. Additional information on the company's Sustainable Media programme is available on the Alma Media website.

Events after the review period

Alma Media acquired the entire stock of JM Tieto Oy, implemented as a business combination achieved in states. Prior to this, Alma Media already held a 20 per cent stake in the company. JM Tieto Oy is a company specialising in efficient B2B sales. It focuses on marketing information and its use. In spring 2015, JM Tieto will be reorganised to constitute part of the Kauppalehti Information Services business operations.

Alma Media Kustannus Oy, a subsidiary of Alma Media Group, has initiated negotiations with Suomalainen Lehtipaino Oy concerning the divestment of Alma Media's newspaper business in Kainuu. If the divestment is realised, the regional newspaper Kainuun Sanomat, the town paper Koti-Kajaani and three subscribable local papers will be transferred to the buyer approximately by the middle of March. In Kainuu, Alma Media Kustannus Oy is currently publishing the daily newspaper Kainuun Sanomat and the twice-weekly newspapers Koti-Kajaani, Ylä-Kainuu, Kuhmolainen and Sotkamo, with a total turnover of approximately EUR 11.5 million in 2014.

Acquired businesses in 2014

of retained earnings

Alma Media has acquired the following business operations during 2014:

	Business	Acquisition date	Group share
<u>Digital Consumer Services segment</u>			
Monster HU	Online service	3 Jan 2014	85%
Monster PL	Online service	3 Jan 2014	85%
Monster CZ	Online service	3 Jan 2014	85%
Alma Career Oy (formerly Monster Oy)	Online service	3 Jan 2014	10%
Alkali Oy	Online service	2 Jun 2014	65%

In connection with the Monster arrangement, the name of Monster Oy, an Alma Media associated company, changes to Alma Career Oy, with Monster Worldwide, Inc. becoming its minority shareholder with a 15% stake. For this share of the company, Monster Worldwide, Inc. transferred its recruitment service operations in Poland, Hungary and Czech Republic to the new company, as well as purchased shares in the company for MEUR 4.7. Alma Media transferred a 15% share of its recruitment operations, including LMC in Czech Republic, CVOnline in the Baltics, Profesia in Slovakia and Czech Republic, and TauOnline in Slovakia. After the transaction, Alma Media Group's ownership of the new companies is 85%. Monster Worldwide, Inc. has an option to increase its ownership to 20% by 2017. Monster Worldwide, Inc. previously owned 25% of the Monster business in Finland, with Alma Media owning the remaining 75%.

In its financial statements, Alma Media presented a preliminary acquisition cost calculation for the arrangement, according to which the value of the minority shares transferred was based on Alma Media Group's book values. In the final recognition of the arrangement, the value of the minority share was determined based on fair values. The tables below show how the arrangement affected the balance sheet of Alma Media Group.

On 2 June 2014, Alma Media Partners Oy, a subsidiary of Alma Media Group, acquired the entire share capital of Alkali Oy. Alma Media Group previously held a 24.3% stake in the company. The acquisition is treated in Alma Media's consolidated financial statements as a business combination achieved in stages. The arrangement did not have a significant effect on Alma Media's profit or loss at the time of its implementation. The company will be consolidated with Alma Media Group in accordance with the 65% share held by the owners of Alma Media Group's parent company in Alma Mediapartners Oy, which became the parent company of Alkali Oy as a result of the acquisition.

Option programme

Alma Media has the option programme 2009 in effect. The programme is an incentive and commitment system for Group management.

Under the option programme 2009, a maximum total of 2,130,000 stock options may be granted during 2009–2011, and these may be exercised to subscribe to a maximum of 2,130,000 Alma Media shares, either new or in possession of the company. Of the total number of options, 710,000 were marked 2009A, 710,000 were marked 2009B and 710,000 were marked 2009C.

The option programme 2009A has ended.

A total of 610,000 options were issued under the 2009B programme. The share subscription period for 2009B is 1 April 2013–31 March 2015. The management has 505,000 options 2009B in its possession. The share subscription price has been reduced annually by the dividend per share, and was EUR 6.03 in December 2014. As of 31 December 2014, no share subscriptions were made through 2009B option rights.

A total of 640,000 options were issued under the 2009C programme. The share subscription period for 2009C is 1 April 2014–31 March 2016. The management has 535,000 options 2009C in its possession. The share subscription price was EUR 7.35 in December 2014.

If all the subscription rights are exercised, the option programme 2009 will dilute the holdings of the earlier shareholders by a maximum of 2.0%.

Share-based incentive plan

In February 2012, the Board of Directors of Alma Media Corporation approved a Performance Share Plan for the key employees of Alma Media Group. The plan includes three one-year performance periods, the calendar years 2012, 2013 and 2014, based on the Group's return. In addition, the plan includes one three-year performance period based on the profitable growth of the Group, the calendar years 2012—2014, for the members of the Group Executive Team.

The reward from the plan will be paid to the key employees in a combination of shares and cash after the end of each performance period by the end of April in 2013, 2014 and 2015. The reward from the performance period 2012—2014 will be confirmed by the end of April 2015, and it will be paid in two equal lots in a combination of shares and cash, one year and two years from the end of the performance period.

Shares paid as reward on the basis of the plan from the one-year performance periods may not be assigned, pledged or otherwise exercised (transfer restriction/s) during the restriction period established for the shares (restriction period/s). The restriction period will begin from the reward payment and end on 31 December 2014 for the shares earned from the performance period 2012, on 31 December 2015 for the shares earned from the performance period 2013, and on 31 December 2016 for the shares earned from the performance period 2014.

No reward will be paid to a key employee if a Group company or the key employee give notice of termination or terminate an employment contract or a service contract of the key employee before the

payment of the reward. The key employee must return the shares received as reward and under transfer restrictions immediately without consideration to the company or another party assigned by the company if a Group company or the key employee give notice of termination or terminate an employment contract or a service contract of the key employee before the end of the restriction period. Shares earned from the performance period 2012–2014 do not involve a restriction period.

A maximum total of 600,000 shares will be given as reward on the basis of the entire plan, and a cash payment needed for taxes and tax-related costs arising from the reward to the key employees on the bookentry registration date of the shares.

A total of 20–25 persons were included in the Performance Share Plan during the 2012, 2013 and 2014 performance periods. The value of the plan for the performance period 2012 corresponded to the value of 120,000 shares, for the performance period 2013 the value of 117,000 shares, and a cash payment covering the taxes and tax-related costs arising from the reward to the key employees if the performance objectives set by the Board of Directors are reached. The performance objectives were not reached for the performance periods 2012 and 2013.

The value of the plan during the performance period 2014 corresponds to the value of 383,000 shares and a cash amount covering the taxes and tax-related costs arising from the reward to the key employees if the performance objectives set by the Board of Directors are reached.

In addition, for the members of the Group Executive Team, the plan includes one three-year performance period, the calendar years 2012–2014, based on the profitable growth of the Group. The potential reward for the performance period 2012–2014 will be paid partly in the company's shares and partly in cash one year (performance period 2012–2014) and two years (performance period 2012–2014 II) from the end of the performance period. The value of the plan during the performance periods 2012–2014 and 2012–2014 II corresponds to the value of 212,000 shares and a cash amount needed for taxes and tax-related costs arising from the reward to the key employees if the performance objectives set by the Board of Directors are reached.

The fair value of the reward is expensed until the target group is entitled to the reward and the shares are freely transferable. The fair value of the share is the share price reduced by the estimated dividends. The fair value is determined on the date at which the target group has agreed to the conditions of the plan. The fair value of the cash proportion is remeasured at each reporting date based on the share price on the reporting date. No expenses were recorded from the Performance Share Plan during the financial period 2014 as the arrangement is not expected to be realised.

Main accounting principles (IFRS)

This interim report has been prepared according to IFRS standards (IAS 34). The interim report applies the same accounting principles and calculation methods as the annual accounts dated 31 December 2013. The interim report does not, however, contain all the information or notes to the accounts included in the annual financial statements. This report should therefore be read in conjunction with the company's financial statements for 2013. The accounting principles of the financial years 2013 and 2014 are comparable. The company has no discontinued operations to report in the 2013–2014 financial periods.

The key indicators are calculated using the same formulae as applied in the previous annual financial statements. The quarterly percentages of Return on Investment (ROI) and Return on Equity (ROE) have been annualised using the formula ((1+quarterly return)⁴)-1). The percentage of online business of revenue is calculated as online business/revenue * 100. The figures in this interim report are independently rounded.

The Group has adopted the following new standards as of 1 January 2014:

IFRS 10 Consolidated Financial Statements

IFRS 11 Joint Arrangements

IFRS 12 Disclosure of Interests in Other Entities

IAS 28 (revised in 2011) Investments in Associates and Joint Ventures

IAS 32 Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities

IAS 36 Impairment of Assets – Recoverable Amount Disclosures for Non-Financial Assets, amended

IAS 39 Financial Instruments: Recognition and Measurement – Novation of Derivatives and Continuation of Hedge Accounting

The figures in this interim report are unaudited.

Seasonality

The Group recognises its content revenue from publishing activities as paid. For this reason, content revenues accrue in the income statement fairly evenly during the four quarters of the year. The bulk of newspaper subscription invoicing takes place at the beginning of the year and, therefore, the cash flow from operating activities is the strongest early in the year. This also affects the company's balance sheet position in different quarters.

General statement

This report contains certain statements that are estimates based on the management's best knowledge at the time they were made. For this reason, they contain a certain amount of risk and uncertainty. The estimates may change in the event of significant changes in the general economic conditions.
