The Board of Directors proposes a dividend payment date of 7 April 2022.

In accordance with the recommendation of the Board of Directors' Audit Committee, the Board of Directors proposes that the Annual General Meeting elect one company auditor for the 2022 financial year.

Resolution on the remuneration of the auditor

In accordance with the recommendation of the Board of Directors' Audit Committee, the Board of Directors proposes that the auditor's fees be paid according to the invoice approved by the company.

Election of the auditor

In accordance with the recommendation of the Board of Directors' Audit Committee, the Board of Directors proposes that the auditing firm PricewaterhouseCoopers Oy be elected as the company's auditor for the 2022 financial year. PricewaterhouseCoopers Oy has confirmed that Niina Vilske, APA, would serve as the principal auditor.

Proposal by the Board of Directors to amend the Articles of Association

The Board of Directors proposes that the Annual General Meeting decide on amending the definition of the company's line of business in Article 2 of the Articles of Association. The proposal is to amend Article 2 as follows:

"The company's line of business includes all business activities related to media, publishing, other communications, training, marketing, digital marketplaces, information technology and services, and the provision of payment, financing and insurance services as well as all other activities that are related to or support the aforementioned business activities. The company can carry out its operations either directly or through its subsidiaries and associated companies."

Authorisation to the Board of Directors to repurchase own shares

The Board of Directors proposes that the Annual General Meeting authorise the Board of Directors to decide on the repurchase of a maximum of 824,000 shares, in one or more lots. The proposed maximum authorised quantity represents approximately one (1) per cent of the company's entire share capital. The shares shall be acquired using the company's non-restricted shareholders' equity through trading in a regulated market arranged by Nasdaq Helsinki Ltd and, in accordance with its rules and instructions, for which reason the acquisition is directed, in other words, the shares will be purchased other than in proportion to the shareholders' current holdings. The price paid for the shares shall be based on the price of the company share on the regulated market so that the minimum price of purchased shares is the lowest market price of the share quoted on the regulated market during the term of validity of the authorisation and the maximum price, correspondingly, the highest market price quoted on the regulated market during the term of validity of the authorisation. Shares can be purchased for the purpose of improving the company's capital structure, financing or carrying out corporate acquisitions or other arrangements, implementing incentive schemes for the management or key employees or to be otherwise transferred or cancelled. It is proposed that the authorisation be valid until the following AGM; however, until no later than 30 June 2023.

Authorisation to the Board of Directors to decide on the transfer of own shares

The Board of Directors proposes that the Annual General Meeting authorise it to decide on a share issue by transferring treasury shares. The authorisation would entitle the Board to issue a maximum of 824,000 shares. The proposed maximum number of shares issuable under the authorisation corresponds to approximately one (1) per cent of the company's entire share capital. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more lots. The Board of Directors can use the authorisation to implement incentive programmes for the management or key employees of the company.

It is proposed that the authorisation be valid until the following AGM; however, no later than 30 June 2023. This authorisation overrides the share issue authorisation granted at the Annual General Meeting of 24 March 2021.

Authorisation to the Board of Directors to decide on a share issue

The Board of Directors proposes that the AGM authorise it to decide on a share issue. The authorisation would entitle the Board to issue a maximum of 16,500,000 shares. The proposed maximum number of shares issuable under the authorisation corresponds to approximately 20 per cent of the company's entire share capital. The share issue can be implemented by issuing new shares or by transferring treasury shares. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more lots.

The Board can use the authorisation for developing the capital structure of the company, widening the ownership base, financing or executing acquisitions or other arrangements, or for other purposes decided on by the Board. The authorisation cannot, however, be used to implement incentive schemes for the management or key employees of the company.

It is proposed that the authorisation be valid until the following AGM; however, no later than 30 June 2023. This authorisation overrides the corresponding share issue authorisation granted at the AGM of 24 March 2021, but not the share issue authorisation proposed above in section 20.

Charitable donations

The Board of Directors proposes that the Annual General Meeting authorise the Board to decide on donations amounting to no more than a total of EUR 50,000 to universities in 2022–2023, with the more detailed conditions of the donations to be decided by the Board of Directors.
