### **Authorisation of the Board of Directors to decide on the repurchase of own shares**

The Board of Directors proposes that the Annual General Meeting authorises the Board of Directors to decide on the repurchase of a maximum of 824,000 own shares, in one or more lots. The proposed maximum number of shares issuable under the authorisation corresponds to approximately one (1) per cent of the total number of shares in the company. The shares are to be acquired using the company's non-restricted shareholders' equity through trading in a regulated market arranged by Nasdaq OMX Helsinki and, in accordance with its rules and instructions, for which reason the acquisition is directed, in other words, the shares will be purchased other than in proportion to the shareholders' current holdings. The price paid for the shares must be based on the price of the company share on the regulated market so that the minimum price of purchased shares is the lowest market price of the share quoted on the regulated market during the term of validity of the authorisation and the maximum price, correspondingly, the highest market price quoted on the regulated market during the term of validity of the authorisation. Shares can be purchased for the purpose of improving the company's capital structure, financing or carrying out corporate acquisitions or other arrangements, implementing incentive schemes for the management or key employees or to be otherwise transferred or cancelled.

It is proposed that the authorisation be valid until the following Annual General Meeting; however, until no later than 30 June 2027.

### **Authorisation of the Board of Directors to decide on the transfer of own shares**

The Board of Directors proposes that the Annual General Meeting authorises the Board to decide on a share issue by transferring treasury shares. The authorisation would entitle the Board to issue a maximum of 824,000 shares. The proposed maximum number of shares issuable under the authorisation corresponds to approximately one (1) per cent of the total number of shares in the company. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more lots. The Board of Directors can use the authorisation to implement incentive schemes for the management or key employees of the company.

It is proposed that the authorisation be valid until the following Annual General Meeting; however, no later than 30 June 2027. This authorisation revokes the corresponding share issue authorisation granted at the Annual General Meeting of 10 April 2025.

### **Authorisation of the Board of Directors to decide on a share issue**

The Board of Directors proposes that the Annual General Meeting authorises the Board to decide on a share issue. A maximum of 16,500,000 shares may be issued on the basis of this authorisation. The proposed maximum number of shares issuable under the authorisation corresponds to approximately 20 per cent of the total number of shares in the company. The share issue can be implemented by issuing new shares or by transferring treasury shares. The authorisation entitles the Board to decide on a directed share issue, which entails deviating from the pre-emption rights of shareholders. The Board can use the authorisation in one or more lots.

The Board can use the authorisation for developing the capital structure of the company, widening the ownership base, financing or executing acquisitions or other arrangements, or for other purposes decided on by the Board. The authorisation cannot, however, be used to implement incentive schemes for the management or key employees of the company.

It is proposed that the authorisation be valid until the following Annual General Meeting; however, until no later than 30 June 2027. This authorisation revokes the corresponding share issue authorisation granted at the Annual General Meeting of 10 April 2025, but not the share issue authorisation proposed above in section "Authorisation of the Board of Directors to decide on the transfer of own shares".

### **Charitable donations**

The Board of Directors proposes that the Annual General Meeting authorises the Board of Directors to decide on donations of a total maximum of EUR 100,000 for charitable or corresponding purposes, as well as to decide on the recipients of donations, their intended uses and other terms and conditions of donations.
